# Executive Summary

The Harris County Program Year 2015 (PY15) Consolidated Annual Performance and Evaluation Report (CAPER) is the third year of the annual performance report which describes progress made in the PY15 from March 1, 2015 to February 29, 2016 toward the goals set forth in the PY 2013-2017 Consolidated Plan. During PY15, Harris County expended \$15,912,309.17 in Community Development Block Grant (CDBG), HOME Investment Partnerships, and Emergency Solutions Grant (ESG) Funds on over 100 projects. Highlights of performance accomplishments according to specific need categories include:

## Housing

*Assisted 45 homebuyers with direct homeownership assistance. Rehabilitated 26 owner-occupied housing units and abated 20 lead contaminated housing units occupied by low-income persons. One transitional housing facility completed lease-up with 3 units occupied and the LaPorte – Northside Neighborhood Project IV project is complete and sold 3 homes.*

## Homelessness

*Assisted 11,436 homeless individuals and families with shelter and supportive services expending \$1,009,761.80 of ESG funding and 322 homeless individuals expending \$527,989.98 of CDBG funds.*

*Successfully collaborated with the Coalition for the Homeless of Houston/Harris and Fort Bend County on the submission of the PY15 Continuum of Care for both Tier 1 and 2 renewal projects, which was awarded \$32,098,014 for 54 programs.*

## Public Services

*Assisted 1,895 low-income persons with youth and senior services, transportation services, and services for abused and neglected children.*

## Public Facilities and Infrastructure

*Served 64,978 low-income persons in 6 completed infrastructure projects with 20 projects underway and served 122 low-income persons in 1 completed public facilities project with 9 projects underway.*

## Other Improvements

*Assisted local communities by clearing 12 abandoned homes that contributed to slum and blight in the county.*

Harris County has also received Federal Economic Recovery & Stimulus Funds through the Housing and Economic Recovery Act (HERA) which includes the Neighborhood Stabilization Program (NSP1); the Dodd-Frank Reform Act which includes NSP3. The County was also in receipt of CDBG Disaster Recovery Hurricane Ike and Dolly (TxCDBG) Program funds. These grant funds help to stabilize and/or stimulate the local economy and recover from federally declared disasters. The following is a summary of the accomplishments of the specific recovery programs administered by HCCSD during PY2015:

- Neighborhood Stabilization Program (NSP1) – To date, NSP1 expended a total \$16,776,258.16 for the acquisition of 134 single-family, vacant, foreclosed homes. In PY2015, the program sold 8 homes to eligible NSP homebuyers and expended

\$1,524,399.76. In addition, the program assisted with the funding (\$4,450,000) for the construction of an 88-unit senior living LEED Platinum facility called Cypresswood Estates, which completed construction in 2011.

- Neighborhood Stabilization Program (NSP3) – NSP3 has expended \$2,118,157.10 for the acquisition of 20 single-family, vacant, foreclosed homes in the NSP3 target areas. In PY2015, NSP3 expended \$384,341.88 and acquired 1 property. The program sold 5 NSP3 properties during PY2014, of which 2 were acquired in PY2012 and 3 acquired in PY2013.
- CDBG Disaster Recovery Funding Hurricane Ike and Dolly (TxCDBG) Program (Round 1 and 2.2) – The housing assistance program, Harris County Homeowner's Disaster Recovery Program (HDRP) has completed the single-family program and expended \$54,819,679.89 on 253 reconstruction projects and 262 rehabilitation projects, totaling 515 completed projects and two housing buyout projects. In PY2015, the rental program expended \$2,906,193.41 on 5 multi-family projects that consisted of acquisition, reconstruction and rehabilitation activities. The SGV Multi-family project completed lease-up and the Brandywood Project completed their final drawdowns. The non-housing program expended \$7,469,022.42 on 7 infrastructure projects of which 4 are underway.

As indicated by program accomplishments, Harris County continued to make strides in promoting affordable housing and providing a suitable living environment for its low-income citizens during PY15.

In regards to the administration of U.S. Housing and Urban Development (HUD) entitlement funds, Harris County Community Services Department (HCCSD) has worked diligently to comply with HUD regulations and monitoring guidelines. During PY2015, HCCSD had no findings or concerns by HUD. HCCSD will continue to work with HUD to increase the efficient use of federal funds to serve low-income persons in Harris County.

# **PY2015 CAPER Highlights**

The Program Year 2015 Consolidated Annual Performance and Evaluation Report (CAPER) describes Harris County's use of Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME) and Emergency Solutions Grant (ESG) funds, which are grants generated by tax dollars to improve the quality of life for county residents. Accomplishments reported in this document were made between March 1, 2015 and February 29, 2016. These accomplishments were made within the Harris County service area, which includes unincorporated Harris County and a variety of small cities within the county that have signed cooperative agreements of service with Harris County. These small cities are referred to as Cooperative Cities. The cities of Houston, Pasadena and Baytown utilize their own community development resources and therefore are not within the Harris County service area. All Harris County U.S. Department of Housing and Urban Development (HUD) entitlement resources are dedicated predominantly to improve living conditions for low-income individuals and reduce slum and blight.

## **Why is the CAPER Important?**

Simply put, a large majority of resources discussed within the CAPER either directly or indirectly flow from tax dollars. This alone warrants a need to use funds and other resources as wisely and prudently as possible. The CAPER reports to the general public and HUD the actual method in which resources were made available for use. In so doing, it provides an additional forum for community input into the community development process. The CAPER also ensures accountability by providing a detailed account of the provision of services by Harris County. Equally important is the fact that the CAPER is an evaluation instrument. It provides a summary of Harris County's performance as a HUD entitlement fund service provider, complete with strengths and weaknesses. It requires the participating jurisdiction to conduct a self-assessment, asking the questions: How well did the county utilize its HUD resources? Could more people have been served? Further, the CAPER provides a means by which HUD can ensure that agencies pursue and attain the proper and efficient use of resources.

The CAPER includes 1) a table of Consolidated Plan Annual Progress, 2) a summary of accomplishments, 3) an assessment of performance, and 4) a discussion of citizen participation. Each topic is developed so that the process is understandable to members of the general public.

For PY15, Harris County received funds through three formula grants issued by HUD: Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and the HOME Investment Partnerships Act. Projects and partnerships funded through Harris County programs often include substantial public and private funds leveraged to maximize success. The City of Houston Housing & Community Development Department was responsible for the administration of the region's Housing Opportunities for Persons with AIDS (HOPWA) allocation. In total, Harris County received \$15,737,401 in CDBG, HOME and ESG funds for PY 2015. All projects expended entitlement funds amounting to \$15,912,309 during PY15, which includes prior year funding.

## **Accomplishments According to Consolidated Plan Need Areas**

One of the primary functions of the CAPER is to report on an entitlement community's annual efforts to implement its Consolidated Plan. Implementation of the plan is measured through the accomplishments attained through projects and programs implemented during the program year.

Table 1 summarizes Harris County's PY15 efforts including accomplishments according to the needs and strategies reported in the Harris County 2013-2017 Consolidated Plan. The priority need areas stated in the Consolidated Plan include: Public Facilities and Improvements, Economic Development, Homelessness, Housing, Other and Planning, Infrastructure, and Public Facilities and Improvements.

## Affordable Housing Accomplishments

Furthering affordable housing encompasses one of the primary purposes of HUD and is therefore a major component in reporting and evaluating performance. The tables below summarize Harris County's efforts to further affordable housing during PY15. These achievements utilized CDBG and HOME funds to promote the availability of affordable housing and increase the amount of decent, safe housing stock. Table 2 identifies affordable housing accomplishments by persons, housing units, and amounts authorized and expended. Table 3 identifies housing accomplishments according to income, and Table 4 identifies accomplishments by race and ethnicity.

## CDBG Specific Accomplishments

CDBG funds, which include the majority of Harris County entitlement funds reported in this document, were established to provide specific eligible services and other activities specifically for improving the quality of life for low-income persons. This section of the CAPER is dedicated to summarizing CDBG program accomplishments in community development areas of eligible activities that include: public services, public facilities and infrastructure, housing, homelessness, economic development, and clearance and demolition.

### Public Services

CDBG public service projects primarily benefited low-income limited clientele and programs that primarily benefit persons who are elderly, disabled, youth, receive transportation assistance or may be abused or neglected children. According to table 5, these projects expended \$1,010,237.93 and 1,895 persons were assisted.

**Table 5. Public Service Projects Accomplishments**

*Note: Several projects remain open pending final draws.*

### Public Facilities and Infrastructure

Public facilities and infrastructure projects primarily consisted of the construction and renovation of public buildings that served a majority low-income area or a low-income limited clientele, and public works improvements located within low-income areas. According to table 6, \$6,056,263.77 was expended on public facility and infrastructure projects and 65,100 persons benefited.

## Housing and Homelessness

CDBG funds (authorized \$1,806,219.32 and expended \$784,358.03) were used to serve 45 households of which 28 were elderly and 11 were disabled households in Harris County housing projects. The areas of service included minor home repair and lead-based paint abatement. Under the Homeless category, the county authorized \$1,146,714.22 and expended \$527,989.98 in CDBG funding on 7 projects and served 322 homeless persons in PY15. Chart 1 identifies CDBG Homeless Race and Ethnicity. Note that homeless services were reported under the matrix code 03T Operating Costs of Homeless programs and 05M Health Services.

**Chart 1. CDBG Homeless Race and Ethnicity**

## Clearance and Demolition Activities

In PY15, Harris County funded two projects through Harris County Public Health and Environmental Services to conduct clearance and demolition of abandoned residential property in the service area. The county authorized \$265,707.26 and expended \$104,256.04 in CDBG funds and 12 houses were demolished.

## CR-05 - Goals and Outcomes

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The Harris County Program Year 2015 (PY15) Consolidated Annual Performance and Evaluation Report (CAPER) is the third year of the annual performance report which describes progress made in the PY15 from March 1, 2015 to February 29, 2016 toward the goals set forth in the PY 2013-2017 Consolidated Plan. During PY15, Harris County expended \$15,912,309.17 in Community Development Block Grant, HOME Investment Partnerships, and Emergency Solutions Grant Funds on over 100 projects. Highlights of performance accomplishments according to specific need categories include:

#### Housing

*Assisted 45 homebuyers with direct homeownership assistance. Rehabilitated 26 owner-occupied housing units and abated 20 lead contaminated housing units occupied by low-income persons. One transitional housing facility completed lease-up with 3 units occupied and the LaPorte – Northside Neighborhood Project IV project is complete and sold 3 homes.*

#### Homelessness

*Assisted 11,436 homeless individuals and families with shelter and supportive services expending \$1,009,761.80 of ESG funding and 322 homeless individuals expending \$527,989.98 of CDBG funds.*

*Successfully collaborated with the Coalition for the Homeless of Houston/Harris and Fort Bend County on the submission of the PY15 Continuum of Care for both Tier 1 and 2 renewal projects, which was awarded \$32,098,014 for 54 programs.*

#### Public Services

*Assisted 1,895 low-income persons with youth and senior services, transportation services, and services for abused and neglected children.*

#### Public Facilities and Infrastructure

*Served 64,978 low-income persons in 6 completed infrastructure projects with 20 projects underway and served 122 low-income persons in 1 completed public facilities project with 9 projects underway.*

#### Other Improvements

*Assisted local communities by clearing 12 abandoned homes that contributed to slum and blight in the county.*

As indicated by program accomplishments, Harris County continued to make strides in promoting affordable housing and providing a suitable living environment for its low-income citizens during PY15.

In regards to the administration of U.S. Housing and Urban Development (HUD) entitlement funds, Harris County Community Services Department (HCCSD) has worked diligently to comply with HUD regulations and monitoring guidelines. During PY2015, HCCSD had no finings or concerns by HUD. HCCSD will continue to work with HUD to increase the efficient use of federal funds to serve low-income persons in Harris County.

**Table 1 - Accomplishments – Program Year & Strategic Plan to Date**

**Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

HCCSD funding priorities are determined by an analysis of need in the County. Priorities are largely determined by the severity of unmet needs. CSD is making progress towards meeting its goals identified in the Goals and Outcomes table. As this is the third year of the five year Consolidated Plan, Harris County with its limited funding was able to focus only on a few of its high priority areas. Under the Public Services category, providing services for Youth and Child Care programs is a High Priority. According to the Goals & Outcomes table, 732 children were provided tutoring, mentoring and enrichment activities, summer camp, swim classes, after school care, and participated in summer games. Providing Water and Sewer Improvements is another High Priority for the county. According to the table, 45,481 persons benefited from cleaner water and sewer improvements. Homeownership is another high priority. According to the table, 45 persons received downpayment and closing cost assistance. Through the RFP process, priorities are evaluated each year and projects are selected based on meeting those priorities.

### Narrative

Harris County does not prescribe a specific percentage of funding to target areas. However, during the competitive Request for Proposals process, target areas have the opportunity to apply for funding along with Low to Moderate Income Clientele facilities or organizations. Harris County has identified Target Areas within the county that have 51% or greater low to moderate income population and that have aging infrastructure. These Target Areas are priorities for infrastructure and neighborhood facilities funding. Harris County will continue to fund geographic priorities identified in the Strategic Plan and adjust funding annually to ensure that priorities goals are met.

Harris County does not use geographic target areas as a basis for providing funding, but requests that all proposals submitted through the annual Request for Proposals process identify the geographic boundaries and specific target areas each project will serve.

Most projects will provide assistance to residents throughout the Harris County Service Area, though some target areas will receive funding for services specifically for that area. These target areas include: Cloverleaf, Aldine, Galena Park, Greenwood Heights, Jacinto City, McNair, Northington – Kingwood and South Houston. The majority of this targeted funding will be in the Northern and Eastern portions of the Harris County service area. The areas have strong existing neighborhoods but are in need of revitalization assistance for aging infrastructure and to improve local community amenities. In four of these areas, HCCSD staff have worked with the local community to identify specific revitalization goals.

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

HUD funding that is received by the county is used to leverage additional dollars for transit services, social services, homeless programs and economic development. HUD requires that participating jurisdictions provide 25 percent match for all HOME funds and 100 percent for ESG funds. HUD's match requirements for HOME and ESG are passed to the county's sub-recipients of HUD funding. While there are no federal match requirements for CDBG, HCCSD prefers that those projects applying for CDBG Public Services and CDBG General funding, a minimum of 20 percent leveraging for the proposed project. HCCSD also coordinates with the Harris County Housing Authority to apply for low-income housing tax credits for their projects. Harris County also acts as sponsor for several Continuum of Care (CoC) applicants and is a steering committee member of the CoC. In addition, HUD funding will also assist to expand State transit funding to serve low-income areas of the county.

### Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The lack of quality affordable housing choice can be an impediment to fair housing. To foster decent, safe, and affordable housing, Harris County will continue to collaborate and partner with local nonprofit housing developers, for profit builders, the Harris County Housing Authority and the residents of Harris County to measure the needs, discuss the issues and find solutions to problems of the Harris County housing market. Through these programs, Harris County will work to foster and maintain decent and affordable housing for low-income residents of Harris County through homeownership, rehabilitation programs, and new construction projects. Harris County will promote the transition of low-income families to self-sufficiency through funding support of homeownership programs, which allow an eligible low-income household to choose a home that meets their needs throughout the county's service area. Through the PY2013-2017 Consolidated Plan/Fair Housing Plan, HCCSD has developed specific goals and objectives that address the housing needs within the county's service area for the next five years. According to tables 11 and 12, HCCSD provided 296 households assistance to address affordable housing that included housing for the homeless, rehabilitation of housing, rental assistance, and new construction. HCCSD provided rental assistance to 199 persons to ensure rapid transition from

homelessness into permanent housing. In addition, HCCSD anticipated serving 24 special needs households and exceeded its goal by serving 26 persons which included elderly and disabled persons.

Some of the problems that have occurred in meeting goals include: 1). The fact that the housing market has changed whereby making it difficult to find affordable homes for purchase by first time homebuyers; 2). Bowers are having a tougher time getting a mortgage loan. Borrowers need higher credit scores and less overall debt; and 3). Since wages are still low, buying a home still may be out of reach for many potential first time homebuyers.

### **Discuss how these outcomes will impact future annual action plans.**

The outcomes of the annual goals as stated in the Annual Action Plan/Consolidated Plan are aimed at creating the opportunity for adequate, affordable, accessible housing for extremely-low to moderate-income persons through eventual elimination of lead based paint hazards, encouragement of homeownership, minor home repair, rehabilitation of single-family and multi-family housing, provision of rental assistance, new construction, and development of partnerships. Although the housing market has shifted a bit and providing affordable housing opportunities may be a bit more difficult, CSD will look at our current affordable housing programs and Annual Actions Plan goals and make any modifications as necessary so that we are able to continue our efforts to meet or exceed its anticipated goals.

### **Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

<b>Number of Persons Served</b>	<b>CDBG Actual</b>	<b>HOME Actual</b>

Low-income	19	5
Moderate-income	7	46
<b>Total</b>	<b>45</b>	<b>52</b>

**Table 10 – Number of Persons Served**

### **Narrative Information**

To meet Harris County's specific objectives for housing assistance with CDBG funds, according to table 13 – Number of Persons Served, 19 extremely low-income, 19 low-income and 7 moderate-income persons were provided assistance in the rehabilitation of single-family housing and elimination of lead based paint hazards. Many of the residents served were elderly or disabled.

Under HOME assisted persons, 1 extremely low-income, 5 low-income and 46 moderate-income persons were provided assistance with direct homeownership through downpayment and closing cost, new construction of affordable housing, and gap financing for the Disaster Ike Recovery Program clients.

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

**Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

Harris County is funding Covenant House Texas to provide street outreach to homeless youth, ages 18 - 21, which will address youths' needs for food, clothing, agency shelter and service information, referrals to other service providers, and follow-up support. Harris County is also funding Healthcare for the Homeless to provide essential urgent, restorative, and routine dental services to homeless individuals on the street.

**Addressing the emergency shelter and transitional housing needs of homeless persons**

Harris County expended \$263,223.04 on three emergency shelters and one transitional housing project. Three of the four projects will provide services to survivors of domestic violence or women with chemical dependency and substance abuse disorders. These agencies will provide shelter for over 10,639 persons. The fourth project is a day shelter serving with shelter operations, which also serves as the central hub for the Coordinated Access System.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

Harris County has previously funded both homelessness prevention and rapid re-housing programs. With HUD currently encouraging communities to create and implement more rapid re-housing programs, Harris County has decided to provide HCCSD ESG funds for rapid re-housing programs rather than homelessness prevention programs. Harris County expects this shift in focus to be temporary and for funding of homelessness prevention programs to be revisited in future funding years. However, homelessness prevention services will still be offered at Harris County and local agencies through other funding sources as they are available.

Harris County's award of \$300,000 to fund Veterans Assistance from the Texas Veterans Commission is one example that will support homelessness prevention to veterans. Harris County has also developed a Jail Diversion Program under the Texas 1185 Waiver. This program seeks to assist individuals, which includes those individuals at risk of becoming homeless, to access affordable housing, healthcare (including mental health services), social services and employment services who are being released from the Harris County Jail.

Harris County expended \$590,781.26 for rapid re-housing that provided housing and services to households experiencing homelessness. As a part of Harris County ESG standards for provision of services, any household receiving rental assistance will also receive comprehensive case management to

ensure stability and self-sufficiency. These projects served 202 homeless persons.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

Harris County is a member of the Houston/Harris County Continuum of Care (CoC). The CoC has developed a community plan, The Way Home, which sets a path to end all homelessness. For the CoC, one of the ways to end homelessness includes expanding the use and effectiveness of rapid re-housing. Harris County has come together with other entitlement communities within the CoC to form a rapid re-housing funders collaborative which changes the way the CoC will fund and deliver rapid re-housing services. Funds will be aligned and service delivery will be standardized. The redesigned rapid re-housing system is intended to reduce the length of shelter stays and provide housing with intensive Annual Action Plan 2015 70 OMB Control No: 2506-0117 (exp. 07/31/2015) short-term assistance and connections to resources for long-term stability. Harris County expended \$590,781.26 for rapid re-housing activities for households experiencing homelessness. A portion of funding will go towards the provision of case management services only. The remaining funding will be used for utility and rental assistance.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

The Harris County Housing Authority (HCHA) does not manage or own public housing projects but partners with developers to sponsor properties that provide affordable housing opportunities. As of this CAPER, HCHA has partnered in eight multi-family housing developments. HCHA does supply housing choice vouchers to assist low income residents of Harris County accessing affordable housing. While the HCHA does not own public housing, it administered 4,594 housing choice vouchers in PY15. These vouchers included Homeless Veteran Vouchers (VASH), Single Resident Occupancy (SRO), and Housing Choice Voucher (HCV) programs. The HCV Program helps low-income households choose and pay for quality housing in the private market by paying a portion of their rent. Harris County Community Services Department will continue to collaborate and partner with the HCHA to measure the needs of low income residents, discuss the issues and find solutions to problems of the Harris County permanent housing market. HCHA has also partnered in eight multi-family housing developments.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

While the HCHA does not own public housing, it does sponsor and work with multi-family development partners. Currently HCHA has two future multi-family developments in the planning or construction phases. HCCSD and the HCHA do work with private affordable housing developers on tax-credit projects to expand the number of affordable rental housing in Harris County. HCHA also encourages families to apply for their Homeownership Program which provides qualified Housing Choice Vouchers (HCV) to families with the opportunity to own a home. Families can purchase a single-family home, town home, condominium or cooperative anywhere within the HCHA's jurisdiction.

Harris County Community Services Department and the Housing Authority have a formal partnership to link eligible HCHA residents to the Community Services Department's Downpayment Assistance Program (DAP). Eligible HCHA voucher recipients can use their voucher as a source of income applied to their mortgage payment while HCCSD's DAP assists with a downpayment on a single family home allowing voucher recipients to become homebuyers. During PY2015, HCCSD DAP assisted seven (7) housing choice voucher clients to convert from rental to homeownership. Harris County Community Services Department will continue to collaborate and partner with the Harris County Housing Authority to evaluate the needs of low income residents, discuss the issues they face and find solutions to problems of the Harris County permanent housing market.

### **Actions taken to provide assistance to troubled PHAs**

Harris County does not have troubled PHAs.

### **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

HCCSD has taken specific actions in the program year to address regulatory barriers to affordable housing. The actions taken include encouraging the development of local ordinances that are inclusive of affordable housing by providing technical expertise to local municipalities, and providing fair housing training and education opportunities.

Harris County, like all Texas counties, has no regulatory powers over area land use. As a result, there are no zoning ordinances to control and plan housing development. Local governments follow International Building Codes which are minimum standards of design and implementation when developing land use. Only certain permitting requirements are in effect in the unincorporated areas of the county. In the absence of county land-use policies, most subdivisions have developed complex systems of deed restrictions, ranging from allowable land uses to required upkeep.

Harris County Community Services Department (HCCSD) has projects that ameliorate the negative effects of public policies. The projects are as follows: Harris County Community Services Department Downpayment Assistance Program served 45 households, HCCSD Minor Home Repair Program served 26 households and HC Public Health and Environmental Services served 20 households with the Lead Based Paint Hazard Control Program and 12 households through the Neighborhood Nuisance Abatement respectively.

Additional, HCCSD's Fair Housing Plan has identified barriers to affordable housing and strategies to overcome these barriers. Information about the Fair Housing Plan is included as an appendix to the PY2015 CAPER and the Annual Action Plan and contains a list of local fair housing enforcements contacts.

### **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

Harris County Community Services Department selected 35 projects in the areas of housing, homelessness, infrastructure, public services and other to address the varying needs of the underserved. The Community Services Department (CSD) will continue working with the Public Infrastructure Department, Public Health and Environmental Services (PHES), Harris County Public Library, as well as the County Commissioners' Precincts on projects. Efforts with the Public Infrastructure Departments will continue in order to develop and implement strategies to address the capital improvement efforts in the County's target areas. CSD will fund and coordinate infrastructure improvement activities with Fresh Water Supply Districts (FWSD), Municipal Utility Districts (MUD) and Water Control & Improvement Districts (WCID) that serve target area and low-to-moderate income populations.

Coordination with PHES will continue to provide much-needed health care services to low-income residents of Harris County. The Community Services and Public Library Department will continue to meet with residents, especially in the communities participating in neighborhood revitalization programs, to ascertain the needs and desires for libraries within those communities. Community Services will also continue to work with the Commissioners' Precincts to provide funding to implement

their community development projects. Harris County will continue to support non-profit organizations, Community Development Corporations (CDCs), Community Housing Development Organizations (CHDO) and Community-Based Development Organizations (CBDO). The Department will actively recruit eligible organizations to become CHDOs and CBDOs. In addition, the department will continue to offer regulatory training to these organizations in order to ensure a better understanding of CDBG, ESG and HOME rules. Harris County will continue to support the Harris County Housing Authority's efforts to expand the availability of affordable housing units to county residents.

#### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

To reduce lead-based paint hazards, Harris County Community Services Department will fund Harris County Public Health and Environmental Services Lead Based Paint Hazard Control Program. The program will reduce lead-based paint hazards in 20 single-family housing units in Harris County. Project activities include community outreach and education, blood lead testing, program coordination with medical institutions, relocation, risk assessment, lead safe work project design and oversight, and lead clearance testing.

#### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

Many Harris County residents are currently living at or below the federal poverty level, with many of these people being homeless or at risk of becoming homeless because of insufficient income. There is a great need among these individuals to expand their opportunities for education and employment, thus improving their quality of living. The Consolidated Plan and Annual Action Plan's activities support the comprehensive collection of goals, programs, and policies which work to reduce the number of poverty-level families, develop affordable housing, and coordinate with other programs and services to increase education and economic opportunities.

Harris County has joined with other local jurisdictions and the Coalition for the Homeless to develop housing programs with wrap-around case management services. These programs seek to assist homeless and extremely vulnerable families through increased income and stabilization. In PY2015, 199 households received rapid re-housing case management and rental assistance. Under HCCSD's Downpayment Assistance Program, 7 households from the HCHA's housing choice voucher program were assisted to homeownership.

#### **Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

Harris County is working with the Coalition for the Homeless of Houston/Harris County to create a coordinated access system for homeless service programs. Lessons learned in developing this system will be used to better coordinate delivery of services across systems. HCCSD would like to build upon the existing partnerships with organizations such as TDHCA, as well as create new partnerships with public, private, non-profit, philanthropic, and non-profit organizations. In addition, we also partner with the Houston Apartment Association, City of Houston, Fort Bend County, City of Pasadena, Texas Veterans Commission, Houston and Harris County Housing Authorities. With respect to specific gaps, HCCSD will continue trying to research and develop a linking of services between institutional discharge cases (persons being discharged from jail, mental institutions, foster care, etc, and likely to be released into homelessness) and community essential services. With the continued uncertainty of public support dollars, HCCSD has been and will continue to expand its partnership with private funding foundations in

the community and coordinating funding systems.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

Harris County will continue to support non-profit organizations, Community Development Corporations (CDCs), Community Housing Development Organizations (CHDOs) and Community-Based Development Organizations (CBDOs). The Department will actively recruit eligible organizations to become CHDOs and CBDOs. In addition, the department will continue to offer regulatory training to these organizations in order to ensure a better understanding of CDBG, ESG and HOME rules. The Harris County Housing Community Resource Center (HCRC) provides unique coordination opportunities for local multifamily housing providers and the public via a website that provides updated listings of the available rental units and community homeownership programs that seek to assist first-time homebuyers and provides information on fair housing issues and resources. In addition to the website, the HCRC has a phone line to access Housing Navigators that provide one-on-one services for those seeking housing and community resources. Harris County also works closely with the City of Houston, Harris County Housing Authority and the Houston Housing Authority to coordinate funding and other resources to develop affordable housing, particularly permanent supportive housing (PSH). For the PSH units developed, Harris County and the local Continuum of Care plan to access the 1115 waivers which will give enhanced ability to utilize Medicaid for residents in these developments. HCCSD also works with the Houston Apartment Association to educate local landlords on the need of affordable housing in the county and with local realtors and lenders regarding the need for affordable single-family housing units as well as HCCSD housing programs.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

In PY15, HCCSD took several actions to overcome and eliminate barriers to housing choice. See Appendix J, PY2015 Accomplishments to Implement Fair Housing Strategies to Address Impediments for detailed information. To address discrimination and lack of fair housing knowledge impediments as part of the county's efforts to increase public awareness of housing choice, the county participated in local community fairs, neighborhood meetings, conferences and seminars, and public events to present information on HCCSD's housing programs as well as the rights of citizens under the Fair Housing Act. To commemorate April as Fair Housing month, CSD participated in the following outreach activities:

- *Social Media* – Posted a HUD Sponsored Fair Housing Public Service Announcement video in English/Spanish on YouTube, CSD Facebook, Twitter and Pinterest sites and website.
- *Public Relations* – The Harris County Commissioner's Court passes a Fair Housing Month Resolution to kick off April as Fair Housing Month. CSD also sent a Fair Housing Public Service Announcement (PSA) to News Public Radio Stations that reached approximately 70,000 listeners nationwide.
- *Informational Newsletter* – CSD created a newsletter that presented articles of interest, guidance, training, and opportunities to participate in activities during Fair Housing Month. The newsletter was emailed to Housing Providers, Developers, 910 Landlords and over 500 persons registered on our interested parties list.
- *Fair Housing Posters and Brochures* – CSD participated in 7 Outreach Events during Fair Housing Month and passed out over 150 posters and brochures to inform residents of their rights under the Fair Housing Act.

In addition, CSD staff participated in 14 Fair Housing trainings, workshops or meetings throughout the PY2015 program year. This included a Fair Housing Workshop with HUD staff member Linda Sanford on April 27, 2015 and Texas A&M University Professor Dr. Shannon Van Zandt on September 2, 2015. Attendees included Community Services Staff, County Attorney's Office, and the County Engineering Office.

To address the *Promote Fair Housing Choice* impediment, HCCSD continues to maintain the Housing Community Resource Center (HCRC), which is a clearinghouse of housing related information and links in Harris County. In PY15, there were 8,061,812 visitors to the website where many sought housing assistance and referrals. The HCRC reaches out to all cultures and life situations including but not limited to the elderly, disabled, low-income families, and female-head of households. The resource center's staff also actively works with individuals, who believe they have been a victim of housing discrimination. The county also collaborates with other local Fair Housing agencies, such as the Greater Houston Fair Housing Center and HAUL on Fair Housing issues and education. In addition, trainings were provided to housing providers by CSD staff, CSD required ADA requirements per standards, and provided trainings for the Downpayment Assistance Program (DAP) lenders.

To address the *Overcome Financial Barriers to Home Ownership* impediment, CSD's Downpayment Assistance Program (DAP) distributed 65 information packets to potential clients, referred 415 persons for housing counseling programs for education on homeownership, financing and housing choice information. Also, CSD held trainings for 115 mortgage lenders on fair housing and housing choice issues and required recipients of the DAP program to attend a homeownership workshop prior to receiving funding.

For more information on CSDs efforts, please refer to the PY2013-2013 Fair Housing Narrative Matrix in the Appendix J.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

The HCCSD Grants Management section monitors compliance for all HUD programs. HCCSD requires subrecipients to submit monthly, quarterly, and annual program and financial reports to facilitate monitoring. The Development section prepares the Annual Action Plan, which details the use of federal HUD entitlement funds. The Planning Section prepares the Consolidated Annual Performance and Evaluation Report (CAPER), which tracks the county's overall performance with respect to its Consolidated Plan and Annual Action Plan and evaluates the county's efforts at implementing the plans' goals and objectives.

Harris County has made concentrated efforts to continue improvements in terms of development of subrecipient contracts, accountability and specificity, and enhanced monitoring. HCCSD has taken steps to improve expenditure of funds and address slow moving projects. HCCSD has also taken steps to enhance the RFP criteria and the review/selection process, which will increase the quality of projects and increase monitoring efficiency. Harris County will continue to assess and evaluate these processes to aid in remaining on target with planned goals.

## **Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

Harris County HUD entitlement programs provided several opportunities for public comment on the PY2015 CAPER during the 2015 program year. These opportunities included public hearings for the Annual Action Plan (AAP), previous year CAPER's and other HUD funding sources such as NSP and Transit funding. Notices for opportunities for public comment were published in local newspapers prior to each event. For the PY2015 CAPER, the public was given a 15-day review and comment period prior to its submittal to HUD. A legal notice was published in the Houston Chronicle, Spanish newspaper La Voz and on the CSD website. The English and Spanish public notices were posted to our website [www.csd.hctx.net](http://www.csd.hctx.net). The public notice informed Harris County residents about the public hearing and opportunity to comment on the documents. The availability of the PY2015 CAPER review was May 9 – 24, 2016. A public hearing for the CAPER was held on May 12, 2016 and there were three comments.

In addition to the public notice, HCCSD provided several opportunities for citizen participation which included the following:

- Notices were sent to over 500 interested parties via email blast which included but not limited to individuals, county departments, local cities, non-profits, businesses, housing developers/providers, utility districts and healthcare organizations for distribution and information. Many of these interested parties are non-profits who advocate and serve persons in protected classes.
- Notice of community meetings and comment period were made to the Limited English Proficiency (LEP) population in Spanish. All public hearings and community meetings conducted

by CSD have Spanish interpreters available upon request. CSD staff that speak Spanish were also available to consult with LEP populations in person or via phone or email.

- Notice of community meetings and comment is made to persons with disabilities in alternative formats. CSD sent public notices to over 500 interested parties via email blast which included several non-profits that serve and house persons with disabilities.
- Public areas in construction projects are being made accessible to persons with disabilities. CSD requires per its Affordable Housing Standards that all common areas and facilities as well as mail areas and spaces be designed to be handicapped accessible with particular attention given to the needs of the elderly and other special needs individuals.

For more information on Citizen Participation efforts, please see Appendix D: IDIS CAPER Additional Requirements for End of the Program Year Reporting and Appendix I: Public Comments and Notices.

## **CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

Harris County recognizes that opportunities remain for continued improvement in the organization and in the efficiency of its future performance. The following is a highlight of several promising opportunities that Harris County will be challenged within the upcoming months:

- Harris County will review and expand several policies and procedures in the areas of Site and Neighborhood Standards for multi-family and single-family developments, multi-family project concentration, residential design standards, and minimum acceptable standards for residential acquisition, rehabilitation, and construction of new and existing homes.
- Harris County will continue to ensure that staff receives the necessary training, particularly in HUD entitlement programs, to ascertain compliance with HUD grant rules and regulations.
- Harris County will continue to facilitate HUD Entitlement grant program trainings to local organizations, subrecipients, and interested parties.
- Harris County will continue to improve its allocation, expenditure and disbursement processes, and continue to improve the process of subrecipient oversight.
- Harris County will continue to work to improve the overall financial management system.
- Harris County will continue to focus on disaster recovery efforts to help rebuild and rehabilitate homes and infrastructure severely damaged by Hurricane Ike.
- Due to changes in the housing market, HCCSD is reviewing its affordable housing programs to improve its marketing plan and its delivery of services.
- Changes in the Rapid Re-Housing program resulted from the creation of Coordinated Access and the need to expand the use and effectiveness of rapid re-housing within the local Continuum of Care. In an effort to align funds and standardize service delivery so that funds can be used efficiently while reducing the administrative burden on both funders and providers, a funding collaborative was established to serve as a single access point to multiple funding streams instead of multiple jurisdictions individually funding rapid re-housing programs.

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

## **CR-50 - HOME 91.520(d)**

**Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

**Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.**

During PY15, HOME-assisted rental housing units were inspected by HQS certified inspectors at 17 rental housing projects with all passing. HCCSD has continued to develop an inspection plan to meet inspection responsibilities in the area of affordable rental housing. Please see Table 12: PY15 Rental Housing Inspection Summary (HOME Assisted Projects Only) in the Executive Summary and Highlights Section, pg. 11.

**Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units.**

### **92.351(b)**

Harris County has received approval from HUD of its affirmative marketing policies and procedures for the sale or rent of housing. This policy pertains to all HUD-assisted housing containing five or more units. The policy requires that all owners of federally assisted housing, affirmatively market their housing units. Harris County assesses the success of owners' affirmative marketing efforts on a quarterly and annual basis. If the efforts do not result in attracting eligible persons from all racial, ethnic and gender groups in the housing market area, Harris County determines the necessary corrective actions.

For PY15, the marketing efforts of HOME-funded projects that provided rental units were analyzed. Please see Table 2: PY15 HOME Assisted Rental Units According to Ethnicity which summarizes the ethnicity of tenants of HOME-assisted affordable housing units in Appendix B: IDIS CAPER Tables & Charts.

**Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)**

Other actions CSD has taken to foster and maintain affordable housing include the following:

- Promoting and supporting affordable housing opportunities throughout the service area, providing downpayment assistance programs, new construction, minor home repair, and rehabilitation of affordable housing units for the purpose of increasing the availability of housing to the very-low and low-income persons.
- Expanding the Harris County Housing Community Resource Center (HCRC) to be an information clearinghouse for those interested in affordable housing initiatives in the service area.
- Promoting the development of collaborations and partnerships of both non-profit and for-profit builders, developers, and other interested parties for the purpose of increasing the capacity for the development of affordable housing in the service area.
- Promoting and assisting in the development of applications for additional funds for the use in development of affordable housing in the service area, including Low-Income Housing Tax

Credits (LIHTC) and Homeownership Zones.

- Working with the Houston Apartment Association to educate local landlords on the need for affordable rental housing and HUD funded housing programs.
- In addition, in PY15 Harris County expended \$2,380,722.35 in CDBG and HOME entitlement funds to further affordable housing throughout the county. Direct homeownership assistance, new construction housing, rehabilitation, and lead-based paint abatement were provided to 97 low-income households.
- Worked with Harris County Housing Finance Corporation by providing data on areas in need of housing repairs, multi-family apartment concentration, high opportunity areas, and LIHTC project location project review.

### 11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

Harris County regularly consults with the Coalition for the Homeless of Houston/Harris County, the lead agency for the Houston, Harris County, Fort Bend County Continuum of Care structure. Through consultation efforts with the Coalition and other Continuum of Care members, Harris County aligned the priorities of the County's homeless strategies with the Continuum's priorities for homelessness. The Coalition is a recipient of Harris County's ESG funds for the operation of the HMIS as they are the system administrator. The Coalition also assists in evaluation of projects requesting ESG funds by providing input on the quality and timeliness of an applicant's HMIS data entry. The Continuum of Care members, including Harris County, meet regularly to discuss strategies and develop standards for ESG funded projects.

In consultation with the Coalition for the Homeless of Houston/Harris County and other Emergency Solutions Grants grantees with the Continuum, Harris County has developed the following performance standards for Emergency Shelters, Homelessness Prevention, Rapid Re-Housing, Street Outreach and HMIS activities.

For all standards, the initial data collection will be used to establish baseline data. The progress towards outcomes will later be used to establish the community standard for achieving those outcomes. Emergency Shelters performance will be based on the community outcomes below.

- Number and percentage of people exiting to a known place
- Number and percentage of people assisted in overcoming a specific barrier to obtaining housing
- Number and percent of people who increase income from entry to exit in emergency housing programs

For Homelessness Prevention and Rapid Re-Housing, the Continuum has decided to use the same performance standards to help measure the success of these interventions for the community. The County recognizes that clients who receive Rapid Re-Housing assistance will have a separate set of needs and likely higher barriers to maintaining permanent housing, so the outcome goals will be different, even though the measures for both programs are the same.

- Number and percentage of households exiting to each housing type or unknown place
- Number and percentage of people who increase income from entry to exit in emergency housing programs

- Number and percentage of households permanently housed 30 days after exiting the program
- Number and percentage of households who reappear in the shelter system

## CDBG

### Financial Reports

This section includes the required CAPER forms and schedules related to Harris County's CDBG program.

The U.S. Department of Housing and Urban Development requires its grantees to include the PR26 Report, which summarizes the grant's total resources, total award expenditures, expenditures made on behalf of low and low-mod recipients, public service expenditures, and expenditures related to planning and administrative activities.

Additional details associated with the information categorized in the PR26 can be found in the subsequent subsections entitled "Reconciliations and Support Schedules".

## PROGRAM FINANCIAL INFORMATION

This section includes supplemental information not required as part of the Comprehensive Annual Performance Report (CAPER). It includes schedules and data such as the “Integrated Disbursement and Information System’s (IDIS) PR27 Report, the County’s HOME match log and Fund Tracker related to Harris County’s PY15 HOME program as of February 29, 2016.

The U.S. Department of Housing and Urban Development’s IDIS application allows grantees to produce the PR27 Report which summarizes the grant’s total resources, total award expenditures, program income, and expenditures by classification. Those classifications include CHDO operations and reserves, general HOME expenditures, and administrative expenditures. Grantees are required to set-aside at least fifteen percent (15%) of its allocation for CHDO expenditures. Also, grantees must limit administrative activities to ten percent (10%) of its total annual allocation. Generally, subject to waivers, the County is required to provide match equaling 25% of the amounts drawn in a program year.

# PROGRAM FINANCIAL INFORMATION

This section includes supplemental information not required as part of the Comprehensive Annual Performance Report (CAPER). It includes schedules and data such as the “Integrated Disbursement and Information System’s (IDIS) PR91 Report, the County’s ESG match log and Fund Tracker related to Harris County’s PY15ESG Program as of February 29, 2016.

The U.S. Department of Housing and Urban Development’s IDIS application allows grantees to produce the “PR91- Financial Summary” Report which summarizes the grant’s 2015 commitments, total award expenditures.

Additional details associated with the ESG program can be found on the pages following the PR91 Report.

### 24-Month Grant Expenditure Deadline

All of the recipient's grant must be expended for eligible activity costs within 24 months after the date HUD signs the grant agreement with the recipient. Expenditure means either an actual cash disbursement for a direct charge for a good or service or an indirect cost or the accrual of a direct charge for a good or service or an indirect cost. This report uses draws in IDIS to measure expenditures. HUD allocated Fiscal Year 2011 ESG funds in two allocations. For FY2011, this Obligation Date is the date of the first allocation. This report does not list the Obligation Date, does not calculate the Expenditure Deadline, and does not track the Days Remaining for the FY 2011 second allocation.

**Grant Amount:** \$1,055,755.00

Grant Number	Draws to Date	Date	Deadline	Meet Requirement	Required
E15UC480002	\$915,090.87	07/14/2015	07/14/2017	446	\$140,664.13

### 60% Cap on Emergency Shelter and Street Outreach

The cap refers to the total amount of the recipient's fiscal year grant, allowed for emergency shelter and street outreach activities, is capped at 60 percent. This amount cannot exceed the greater of: (1) 60% of the overall grant for the year; or, (2) the amount of Fiscal Year 2010 ESG funds committed for homeless assistance activities.

## **Appendix B: IDIS CAPER Additional Requirements for End of the Program Year Reporting**

# Attachments: Additional Requirements for End of Program Year Reporting

## 1. All Grantees Must Submit a Narrative Statement Addressing the Following:

### a. Assessment of Three- to Five-Year Goals and Objectives

The PY2013-2017 Consolidated Plan goals and measurable objectives are used to guide accomplishments over the next five planning years. Funds made available to CSD will be used to address the needs shown in the Continuum of Care Homelessness Gaps Analysis, Housing Needs, Non-Homeless, and Community Needs tables. Each identified area of need is prioritized relative to other needs within each category. Priorities for community needs were assigned according to research, survey results from local governments and citizen participation. A high priority indicates that CSD will expend HUD entitlement funds on that particular activity. A medium priority indicates that additional funds will be expended if available, and HUD entitlement funds may be spent. For more information, please see the 2013-2017 Consolidated Plan Measurable Objectives Matrix in Appendix E.

### b. Affirmatively Furthering Fair Housing

Harris County completed the *Analysis of Impediments to Fair Housing Choice*, with its PY2013-2017 Consolidated Plan/PY2013 Fair Housing/Analysis of Impediments to Fair Housing Choice (AI) submitted to HUD in 2013. In preparation for the Plans, data was collected and analyzed which is included in the PY2013 Fair Housing/AI Plan. The analysis was developed through a series of collaborative initiatives involving a multi-disciplinary consortium of housing organizations and advocates; meetings with federal, state, and local agencies; residents; the Greater Houston Fair Housing Center; public and private agencies; and business and civic leaders.

Through this discovery process, impediments to fair housing were identified. A detailed description of the impediments identified in the study and recommended strategies are listed below. HCCSD also maintains a report to Address Impediments to Fair Housing annually.

*Impediment: Need to combat overt discrimination and lack of fair housing knowledge:* Overt discrimination against protected classes, such as racial and ethnic minorities, persons with disabilities, families with children, persons with limited English proficiency, and the LGBT community inhibits housing choice and is associated with limited fair housing knowledge of residents, housing providers, financial and insurance providers, and local government entities.

*Impediment: Lack of quality affordable housing:* Harris County has insufficient quality, affordable housing that meet the diverse needs of low- to moderate-income individuals, especially persons with disabilities and families with children.

*Impediment: Need to reduce areas of segregation and concentration:* Limited housing choice has led to the segregation and concentration of poverty and minority populations.

*Impediment: Need to improve lack of quality community amenities: Limited access to transportation services, infrastructure, and public facilities limits housing choice and prevents communities from improving the overall quality of life and opportunity for residents.*

*Impediment: Presence of governmental and community opposition towards affordable housing: Governmental and community opposition to affordable housing is often based on lack of information, misinformation, and unfounded suspicions that lead to highly desirable areas being completely shut off from affordable housing options thus limiting housing choice.*

*Impediment: Barriers created by credit and financial institutions: Predatory lending, concentrated foreclosures, and overt discrimination in credit and financial practices severely limit housing choice, especially for minority populations.*

### **Strategies**

1. Aggressively combat overt discrimination and lack of fair housing knowledge.
2. Promote housing choice.
3. Reduce areas of minority and poverty concentration.
4. Improve the quality of public facilities.
5. Combat NIMBYism and opposition to fair housing.
6. Overcome financial barriers to homeownership

### **Actions**

In PY2015, HCCSD took several actions to eliminate barriers to housing choice. See Appendix J, *PY2015 Accomplishments to Implement Fair Housing Strategies to Address Impediments* for detailed information. To promote fair housing choice, HCCSD continues to maintain the Housing Community Resource Center (HCRC), which is a clearinghouse of housing related information and links in Harris County. In PY15, there were 8,061,812 visitors to the website where many sought housing assistance and referrals. The HCRC reaches out to all cultures and life situations including but not limited to the elderly, disabled, low-income families, and female-head of households. The resource center's staff also actively works with individuals, who believe they have been a victim of housing discrimination. The county also collaborates with other local Fair Housing agencies, such as the Greater Houston Fair Housing Center and HAUL on Fair Housing issues and education. In addition, trainings were provided to housing providers by CSD staff, CSD required ADA requirements per standards, and provided trainings for the Downpayment Assistance Program (DAP) lenders. HCCSD also held Fair Housing workshops with HUD staff member Linda Sanford on April 27, 2015 and Texas A&M University Professor Dr. Shannon Van Zandt on September 2, 2015. Attendees included Community Services Staff, County Attorney's Office, and the County Engineering Office.

To address the lack of fair housing knowledge as part of the county's efforts to increase public awareness of housing choice, the county participated in local community fairs, neighborhood meetings, conferences and seminars, and public events to present information on HCCSD's housing programs as well as the rights of citizens under Fair Housing. In addition, for Fair Housing month, CSD participated in the following outreach activities:

- Social Media – Posted a HUD Sponsored Fair Housing Public Service Announcement video in English/Spanish on YouTube, CSD Facebook, Twitter and Pinterest sites and website.
- Public Relations – The Harris County Commissioner’s Court passes a Fair Housing Month Resolution to kick off April as Fair Housing Month. CSD also sent a Fair Housing Public Service Announcement (PSA) to News Public Radio Stations that reached approximately 70,000 listeners nationwide.
- Informational Newsletter – CSD created a newsletter that presented articles of interest, guidance, training, and opportunities to participate in activities during Fair Housing Month. The newsletter was emailed to Housing Providers, Developers, 910 Landlords and over 500 persons registered on our interested parties list.
- Fair Housing Posters and Brochures – CSD participated in 7 Outreach Events during Fair Housing Month and passed out over 150 posters and brochures to inform residents of their rights under the Fair Housing Act.

In addition, during its annual Request for Proposals process, HCCSD staff conducted potential recipient conferences and presented on topics such as HUD regulations and Fair Housing. Under its Downpayment Assistance Program (DAP) and Neighborhood Stabilization Program (NSP), participating lenders and realtors are provided information on HUD regulations and Fair Housing. In addition, for those residents who participate in HCCSD DAP and NSP, program staff distribute HUD’s Fair Housing guide. The guide is also available to the public along with HUD’s Housing Discrimination Complaint Form.

On January 15, 2013, HCCSD submitted its new Fair Housing Plan and Analysis of Impediments along with its PY2013-2017 Consolidated Plan to HUD. During the year proceeding submission (PY2012), the county conducted a series of meetings, focus groups, interviews and public hearings throughout the county seeking input from citizens, advocate groups, homeless and public service providers, CDC’s, CHDO’s and other interested groups regarding housing issues and barriers to housing choice. Staff also solicited information about community resources and problems through a community survey and needs/data assessment. The findings from the consultation, survey and needs/data assessment assisted the county to develop the Fair Housing Plan and Analysis of Impediments and to develop goals for the Consolidated Plan. Each year, the *PY2015 Accomplishments to Implement Fair Housing Strategies to Address Impediments*, Appendix J is updated to reflect activities performed to address fair housing and barriers to affordable housing development.

### **Assessment**

CSD’s grant programs furthers fair housing through the allocation of dollars to support the construction of affordable housing units, by assisting low-income homebuyers with downpayment costs, and through the rehabilitation of owner and renter-occupied low-income housing units. The support of such projects not only serves to encourage access to affordable housing, but also furthers fair housing by increasing housing options for this segment of the population. The county also funds community revitalization and improvements, non-housing activities, particularly in LMI areas to assist with improvements of the quality of life in those areas. Harris County also continues to be the housing information clearinghouse for all county residents through the Housing Community Resource Center. The center reaches out to all cultures and life situations including but not

limited to the elderly, low-income families, and female-head of households. Though these actions are limited, they indicate Harris County's recognition of the need for action and its ability to respond to fair housing issues.

In addition, CSD has taken actions to address Fair Housing through the following actions:

- a) *Aggressively enforce and enhance existing Fair Housing Laws* – Harris County allocated \$19,517 in local funds for staff salary in addition to office space and website hosting to the Housing Community Resource Center (HCRC) to intake and provide referral services to those who believe they have been discriminated against by landlord, property managers, and real estate agents.
- b) *Eliminate discriminatory lending* – As part of the direct homeownership program funded by county HOME funds, the program educates lenders, real estate agents, and housing developers on Fair Housing issues. Through the policies of the program, the county seeks to protect homebuyers from predatory lending practices and homebuyers also receive counseling that includes their rights under the law.
- c) *Eliminate barriers to affordable housing developments* – Harris County expended \$727,895.84 in PY15 HOME funding to direct homeownership assistance, which provides greater housing choice to eligible homebuyers. Harris County also expended \$411,552.84 in PY15 CDBG funding for home repair to serve low-income homeowners predominately in low-income, minority concentrated neighborhoods.

In PY15, CSD has in construction six projects and expended \$862,120.58 in HOME funds on: 1) new affordable single-family housing in high opportunity areas where the county overcame great opposition and NIMBYism to construct housing and; 2) on new affordable multi-family housing where the county's Housing Concentration Policy encouraged development of new subsidized affordable units for families and seniors in areas that was not saturated with subsidized units, which can have the effect of concentrating areas of poverty.

- d) *Encourage educational activities which promote awareness about fair housing and individual rights to fair housing choice* – In addition to counseling, the HCRC was also allocated in county local funds \$77,155.13 for staff to provide educational activities to local residents, fair housing materials, and an affordable housing search assistance tool which is used throughout the county.
- e) *Encourage assistance to families* – The HCRC also provides on online and phone-based housing search tool for homebuyers and renters. In PY15, there were over 8 million visitors to the website. Many sought housing assistance and referrals. In addition, participants in the Homeownership Assistance Program receive homebuyer counseling which includes budget/credit counseling.
- f) *Soliciting public participation* - During the Citizen Participation process, CSD affirmatively solicited citizen participation by publishing in the Houston Chronicle and Spanish newspaper La Voz whose circulation has over 2.3 million readers, and posted the notices in English and Spanish to the CSD website. CSD also sent the public notices to over 500 interested parties via email blast, which includes but is not limited to individuals, other

county departments, local cities, non-profits, business, housing developers/providers, utility districts, and healthcare organizations for distribution and information. Many of these interested parties are non-profits who advocate and serve persons in protected classes.

- g) *Limited English Proficiency (LEP)* - During Citizen Participation process, notice of community meetings and comment period were made to the Limited English Proficiency (LEP) population in Spanish. All public hearings and community meetings conducted by CSD have Spanish interpreters available. CSD staff who speak Spanish were also available to consult with LEP populations in person or via phone or email.
- h) *Persons with disabilities in alternative formats* – As stated above, Harris County also sent the public notice to over 500 interested parties via email blast, this group included several non-profits that serve and house persons with disabilities in addition to publishing in traditional news media.
- i) *Accessibility to persons with disabilities in public areas in construction projects* – CSD requires within its Affordable Housing Standards that all common areas and facilities as well as mail areas and spaces be designed to be handicapped accessible with particular attention given to the needs to the elderly and other special needs individuals. Additionally, all contractual agreements between CSD and project sponsors contain language that ensures construction projects adhere to all federal, state, and local laws regarding accessibility of all newly constructed facilities to persons with disabilities. To ensure that these regulations are being followed, CSD has in place regular monitoring and compliance activities.

### **c) Affordable Housing**

When compared to similar counties, housing in Harris County is relatively affordable. However, for a number of reasons, many low-income persons still cannot find quality, affordable housing to meet their needs. For the most part, this is the result of market-driven economics in the Harris County area and national housing trends. As a result, developers have been able to provide new homes at a lower rate, with some homes affordable for middle-income and even low-income households. During this program year, the national housing market experienced a significant decline in housing values. However, Harris County's housing market saw little decline in housing values but continues to grow, such that land is becoming scarce. At the same time, 30-year mortgage rates still remain very low.

In addition to the rising cost of land in Harris County, many low-income potential homebuyers lack the downpayment to purchase a house, thus presenting another barrier to obtaining affordable housing. In fact, the lack of downpayment funds has been cited as a major barrier for first-time homebuyers. The majority of homes that are affordable for very low- and low-income households are substandard or inappropriate for that particular household. Additionally, the percentage of units with potential lead-based-paint contamination is extremely high in the service area. In 2015, approximately 38 percent of the homes in Harris County were classified as substandard; 5 percent were dilapidated and 14 percent of homes were vacant.

For some households, an affordable housing unit may not be an appropriate unit. Most housing, regardless of affordability, is not appropriate for disabled persons. Depending upon the disabilities involved, rehabilitation of a home into a barrier-free environment can be relatively expensive. Even newly constructed housing often fails to address the needs of disabled persons. Many seniors, particularly the frail elderly, are faced with a similar dilemma. Large families are often forced into an overcrowded environment because smaller units are more affordable and much more readily available.

If public policy plays a role in creating barriers to the development of affordable housing, its role is relatively small. State policy impacts affordable housing only in its regulation of water districts. The state allows three types of water districts: fresh water supply districts (FWSD), water control and improvement districts (WCID), and municipal utility districts (MUD). These districts provide financing for water and sewer improvements through bonds. Most of the water and sewer services for residential subdivisions in unincorporated Harris County are provided by water districts. Payment of fees assessed by the local FWSD, WCID or MUDs can significantly impact the housing cost burden of very low-, and low-income families.

Harris County, like all Texas counties, has no regulatory powers over area land use. As a result, there are no zoning ordinances to control and plan housing development. Only minimal building codes are in effect in the unincorporated area of the county. In the absence of county land-use policies, most subdivisions have developed complex systems of deed restrictions, ranging from allowable land uses to required upkeep. While a home in a subdivision may initially be affordable, a homeowner's ability to maintain a home according to the specifications of the homeowner's association and local deed restrictions may keep extremely low- and low-income families from finding affordable housing. Many subdivisions with homes that are affordable and available to extremely low- and low-income households have permitted local deed restrictions to lapse or become invalid, often as a result of the inability to meet the legal fees necessary to enforce the private restrictions.

Each of the 34 incorporated cities, towns and villages have the legal authority to regulate land use within their boundaries. However, the extent to which land-use regulations are maintained and enforced varies considerably among those communities. Regulations requiring large residential lots, a minimum building footprint, a minimum landscaping footprint, extensive setbacks or other aesthetic requirements may increase housing costs beyond a range that is affordable to extremely low-, very low- and low-income households.

Public policy issues impacting housing cost-burden include fees assessed by water and sewer service districts serving subdivisions in the unincorporated area. Additionally, each of the cooperative cities in the service area has various land-use regulations, which may impact the cost and/or availability of area housing. Finally, private sector deed restrictions utilized by a number of subdivisions may place an undue burden on very low- and low-income households.

Strategies to be utilized by Harris County in overcoming the barriers identified above include the following:

*Strategy One:* Expand the supply of affordable housing options.

*Strategy Two:* Preserve, rehabilitate, and increase the supply of quality affordable housing units

*Strategy Three:* Increase the availability of accessible and larger housing units

*Strategy Four:* Provide education and outreach activities in order to counteract negative effects from NIMBYism and other community opposition.

*Strategy Five:* Encourage the development of local ordinances that are more inclusive of affordable housing

### **Actions**

Harris County has continually moved to promote the availability of affordable housing for its lower-income residents. The county is fully aware that homeownership is an essential factor for neighborhood stabilization. The summary below reflects the actions taken to eliminate barriers to, encourage and support the development of affordable housing by HCCSD from March 1, 2015 to February 29, 2016.

Harris County expended \$2,380,722.35 in CDBG and HOME entitlement funds to further affordable housing throughout the county. Direct homeownership assistance, new construction housing, rehabilitation, and lead-based paint abatement were provided to 97 low-income households.

Harris County continued the Community Housing Development Organization (CHDO) Certification Program this year. The CHDO Certification Program enables communities to develop a full range of services and opportunities for citizens in need of housing. The program provides operating expense grants and project-specific pre-development loan assistance to certified Harris County CHDOs. Recertification is required each year or before allocation of new program year funds for a proposed CHDO project.

- During PY15, Seven CHDO's applied for recertification and (7) received recertification during PY15. Through CHDO status, organizations have the opportunity to attain funding not available to them, therefore overcoming the lack of capacity barrier to developing affordable housing.
- The Harris County Housing Resource Center also provided additional information and referral service to affordable housing in the county. The information provided includes rental housing, homeownership, homeless shelters, homebuyer counseling, and social services. The center provides services in several languages and uses a phone system and internet website to reach a large clientele.
- Harris County continued to partner with the Harris County Housing Authority (HCHA) to increase the county's inventory of affordable multi-family units. Currently, eight multi-family complexes totaling 1,038 units have been developed thus far to provide housing for seniors and families.
- Harris County CSD maintains a report called the *Activities Performed to Address Fair Housing and Barriers to Affordable Housing Development* which tracks the performance activities related to strategies addressing impediments to fair housing and barriers to

affordable housing development. This report is available to the public and the county's local officials and included with the PY2015 CAPER report in Appendix J.

These actions are in line with the principles of action stated in the Harris County 2013-2017 Consolidated Plan. Affordable housing for very low- and low-income persons is a high priority need for County residents. Harris County is committed to supporting affordable housing opportunities throughout the service area including the rehabilitation of existing structures.

All affordable housing actions taken during PY15 addressed six barriers to affordable housing with strategies aimed at overcoming these barriers, identified in the 2013-2017 Consolidated Plan. The following table summarizes actions taken according to the strategy addressed.

**Table 1: Summary of Actions Taken to Eliminate Barriers, to Encourage, and Support the Development of Affordable Housing**

Strategy	Action
<p>1. Expand the supply of affordable housing options by supporting the use of public-private partnerships to increase quality, affordable housing in the county. #### **Worst Case Housing Needs/Housing Needs for Persons With Disabilities**

Worst case housing is defined as low-income renter households who pay more than half their income for rent, live in substandard housing (which includes homeless persons) or have been involuntarily displaced. During PY15, The Men's Center changed its name to ReCenter

which is a 64 unit transitional housing facility. The facility will serve 128 homeless men and women recovering from chemical dependency and substance abuse disorders. This population has significant barriers to finding and securing housing. The Re-Center project provides new, safe housing with supportive services. In PY2015, the Re-Center completed lease-up and provided transitional housing to 50 homeless persons.

The Harris County Downpayment Assistance Program (DAP) program also offers greater subsidies for disabled homebuyers. Harris County's Minor Home Repair program targets low-income elderly and disabled homeowner for home repair up to \$10,000. In an effort to increase public awareness of local housing services, Harris County has developed the Housing Community Resource Center, using Harris County local funds, to act as a clearinghouse of information to Harris County residents. Residents are encouraged to contact the 24-hour service line and interactive website for referrals to local housing and social services resources.

### **Assessment of Housing Projects Performance**

- Assessment of the performance of PY15 affordable housing projects includes an explanation of projects failing to meet expectations and actions to correct these shortcomings. The county identified these projects and assigned appropriate actions and/or explanations for failing to meet expectations in the Table 2: Affordable Housing Activities Failing to Meet Service Goals.

**Table 2. Affordable Housing Activities Failing to Meet Service Goals**

<b>Project ID</b>	<b>Project Name</b>	<b>Service Goal</b>	<b>Served in PY 15</b>	<b>Total Served</b>	<b>Explanation/Action</b>
2011-0056	The Men's Center Residential Housing	50	3	50	Lease-up completed in PY2015.
2012-0030	Temenos Place Apartments II	41	0	0	Owner and contractor had design, materials, and payment issues that significantly delayed construction. As of 2/29/2016, project is 95% complete.
2013-0040	Retreat at Westlock	71	0	0	As of 2/29/2015, project 5% complete. Delay due to change in Developer/General Contractor.
2014-0035	Harris County Down Payment Assistance	43	34	34	34 household assisted in PY15. Delay in completion due to restriction in number of qualified homes (by age) and buyers due to economic slowdown.
2015-0033	Harris County Down Payment Assistance	35	5	5	Due to utilizing 2012 and 2014 funds, project was slow to start.

2015-0034	Sunrise Orchard Apartments	17	0	0	As of 2/29/2016, 50% of Design Development Phase completed.

- Harris County has achieved its stated objective of expanding the opportunities for homeownership. The county has made a concerted effort to expand opportunities for homeownership for its target population with the creation of the HCCSD Downpayment Assistance Program (DAP) serving 45 households with entitlement funds and local funds for homeownership services in PY2015. It has taken steps to assist the underserved populations such as those of limited income, disabled, and the elderly.
- Below is a listing of the HCCSD Downpayment Assistance Program's (DAP) Community Outreach Efforts during PY 2015.
  - 49 DAP deferred loans were given to qualified homebuyers
  - 65 DAP information packets were mailed to potential clients
  - 415 persons were referred to housing counseling programs
  - 10 Lender trainings were conducted for 115 mortgage lenders from 25 mortgage companies
  - 25/town hall/housing fairs/ were conducted with over 45,632 people
  - Brochures and forms were made available in both English and Spanish
- In addition to the DAP program, the county provides a home repair program. The purpose of the program is to provide financial assistance to low-income elderly and/or disabled homeowners for the purpose of providing decent, safe, and sanitary housing conditions, as well as improving quality of life. The program assisted 45 households of which 28 were elderly and 11 were disabled in PY15.
- Harris County has identified lead-based paint as a priority matter for Harris County. The primary goal was to educate and provide lead abatement to homeowners. Using HCPHES's streamlined lead screening and abatement process, 20 homes were abated of lead contamination in PY2015.
- Harris County has identified the need to expand its efforts in nuisance abatement and rehabilitation of county housing. Through HCCSD's partnership with HCPHES 12 abandoned houses were cleared in PY15.
- Harris County Housing Authority has made significant process in improving administration of the Housing Choice Voucher Program (adding more vouchers to Harris County's supply) and added to the county's short supply of affordable apartment units through the acquisition and construction of new affordable housing.
- Harris County has also provided reconstruction and rehabilitation activities to homeowners who suffered damage to their home during Hurricane Ike in 2008. Through the HDRP program CSD has completed a total of 515 reconstruction/rehabilitation projects and two housing buyouts.

#### **d. Continuum of Care Narrative**

During the reporting period, the following actions were taken to assist the homeless and those with special needs:

### Actions

- The FY2015 Continuum of Care (CoC) funding remained consistent with the previous year in both the types of funding available and the way in which Harris County, as part of the Houston/Harris County (The Way Home) Continuum of Care submitted applications for funding. For FY2015, the CoC collaborative application was submitted to HUD through a community ranking process that included dividing new and renewal projects into two separate tiers. The requested funding is for costs including leasing, rental assistance, supportive services, operating costs, and HMIS. The projects provide permanent housing, consisting of permanent supportive housing for homeless persons with disabilities and their families as well as Rapid Re-Housing for homeless families with children, transitional housing and supportive services for homeless HIV infected women and their children, and transitional housing and supportive services to battered women and their children. Both Tier 1 and Tier 2 projects have been funded for FY2015 CoC funding, which includes 54 programs totaling \$32,098,014.

### Assessment

The CoC Steering Committee provided executive oversight to the CoC competition to ensure that the projects submitted were in line with the community goals identified in The Way Home 2015 Annual Action Plan and were in line with current HUD priorities (Permanent Housing, Transitional Housing, and also Supportive Services Only utilized with Coordinated Access). Applications were again ranked and submitted in a two-tier system for both new and renewal applications. The ranking included program outcomes, data quality, and HUD compliance. Renewal projects with equal scores and the same project component were ranked alphabetically.

Applications were submitted through the e-snaps online system. Overall, the application contained the same data collection modules as the previous year, remaining in line with performance measures required by the HEARTH Act. Funding was available for new projects including those created through reallocation and Permanent Supportive Housing Bonus projects (limited to one project per CoC). The CoC accepted applications for new housing projects including a Permanent Supportive Housing Bonus project dedicated to serving 100% chronically homeless persons referred through Coordinated Access and three Permanent Supportive Housing projects created through the reallocation of existing project funding.

### **e. Other Actions**

The following is a narrative discussion and assessment of planned actions, compliance with the 2013-2017 Consolidated Plan and program requirements and other issues related to HCCSD's programmatic performance in these areas.

- **SUPERNOFA FUNDS PURSUED** -As discussed above, Harris County pursued one of the SuperNOFA Competitive grants, the Continuum of Care.
- **FEDERAL FUNDS** - The Harris County Community Services Department (HCCSD) has grown to become an organization funded through a variety of federal funding sources from a variety of grants in an effort to further its pursuit of decent, affordable

housing, a suitable living environment, economic opportunities and overall improvement in the quality of life for low-income persons throughout the service area. Throughout all departments of the county, grant sources include Health and Human Services, Transportation, and Justice to name a few.

- **INSTITUTIONAL STRUCTURE/COORDINATION** - CSD continues to work with other Harris County Departments, such as Public Health & Environmental Services, Public Infrastructure, Harris County Flood Control District, Houston-Galveston Area Council (H-GAC), Library District, and Justice to maximize federal dollars and decrease gaps in service. Innovative partnerships also assist the department to efficiently expend CDBG, ESG, and HOME funding and serve many Harris County extremely low-, very low-, and low-income households. CSD's partners range from for-profit developers to grass-root community groups.

Harris County has partnered with the Harris County Housing Authority to increase the county's inventory of affordable multi-family units. Currently, eight apartment complexes have been completed.

The Community Services Department and the Public Infrastructure Department collaborated to provide technical assistance on water and sewer projects, particularly for inspection and review, and conduct assessment of needs and resources for water and sewer services in the Harris County target areas.

The County and the City of Houston have also increased their coordination efforts to end chronic and veteran homelessness by 2016 and family and youth homelessness by 2020. As well as discussing the distribution of HOPWA to assist homeless with HIV/AIDS status households.

- **CONSOLIDATED PLAN IMPLEMENTATION** - Harris County did not hinder Consolidated Plan implementation by action or willful inaction, but actively addressed strategies of the 2013-2017 Consolidated Plan by funding projects which specifically met the needs of low-income persons. Program Year 2015 represents the third year of the 2013-2017 Consolidated Plan.
- **MEETING UNDERSERVED NEEDS** - *Underserved Needs & Obstacles to Meeting Underserved Needs*. Harris County's Underserved Needs include but are not limited to: Housing, Special Needs of the Non-Homeless, Homelessness, Non-Housing Community Development Needs (Public Facilities, Public Services, Infrastructure, Economic Development, Education and Workforce Development, and Public Safety). In the attempt to meet the needs of Harris County's low-income population, many obstacles exist. Personal issues such as physical or mental health problems, lack of affordable child care, bad credit, low educational attainment, and lack of transportation to service locations may regularly put opportunities out of reach for disadvantaged persons. Many times, if an individual or family has more than one of these problems, these barriers can compound on each other, causing a seemingly impossible situation in which quality of life improvements are unlikely.

Lack of public awareness of available programs is a major obstacle to community development efforts. In an effort to increase public awareness, Harris County makes information on community development services available to persons at community outreach meetings, website, RFP meetings, and professional consultation forums. In addition, all public notices, press releases, and invitation letters are complete with Harris County HUD program contact information. Public awareness is also addressed at the subrecipient level by individual Harris County HUD program affiliated service providers. Harris County has also developed a Housing and Community Resource Center (HCRC) to act as a clearinghouse for information on local initiatives offering housing services.

The Harris County Housing and Community Resource Center (HCRC), a service of the Harris County Community Services Department, provides a vast array of housing and related information primarily targeted to families and individuals that are experiencing housing crises or are in need of affordable housing. HCRC's mission is to aid the community in finding decent, safe, and affordable housing in a manner that promotes equal opportunity and fair housing. In accomplishing this goal, the HCRC is committed to serving as a viable community resource that is accessible to everyone. They are committed to bridging the communication gap in housing information between the community and other supportive and social services organizations. Referrals that the HCRC provides include affordable housing assistance; homeownership assistance; emergency assistance; and support services.

In PY15, the HCRC continued to provide the public free affordable housing information which links property owners with those in need of quality affordable housing. Updates were made to the HCRC website and the CSD brochures/flyers, which includes new and expanded information on housing units, apartment landlords, fair housing issues and contacts, and local social service organizations. In addition, the County expanded its outreach by posting on social media outlets via Facebook and Twitter. HCRC staff also participated in a number of community outreach programs including:

- Housing Opportunities for People with AIDS (HOPWA)
- Houston Center for Independent Living
- Care for Elders
- Elder Care Network
- Aging and Disability Resources
- Interagency Network
- United Way - Thrive
- Gateway to Care
- Serving the Incarcerated and Recently Released (SIRR)
- Coalition for Behavioral Sciences
- Veterans – Stand Down
- Disaster Preparedness
- Communities in Schools
- Neighborhood Centers – Headstart
- Mobile Health, Education and Resource Fairs
- Town Hall Meetings

- Voluntary Organizations Active in Disaster (VOAD)
- One Voice
- Community Development Organizations
- Alliance for Economic Inclusion
- Coalition for the Homeless
- Hunger Free Texas Regional Coalition Steering Committee
- The Way Home – a collaborative model to prevent and end homelessness

The HCRC website received 8,061,812 hits and 907 landlords registered with the free affordable housing search tool. The HCRC referred 48,620 persons to various homebuyer, foreclosure, emergency housing, and special needs assistance programs through their Resource Navigators. Over 7,850 brochures and flyers about CSD programs and fair housing laws were distributed. In addition, 111,970 individuals searched for rental units and homes using the free affordable housing search tool.

Another major obstacle of many non-profit service providers is capacity building, or the ability to bring the organization to the point of being fully staffed and functional. This may be very difficult for organizations that begin with little or no resources, other than Harris County HUD program funding. For this reason, organizations that wish to conduct programs or projects with HOME funds are required by HUD to have matching funds of greater than or equal to 25 percent of the amount granted by Harris County's HOME program. Similarly, organizations that are granted ESG funds must have matching funds of greater than or equal to 100 percent of the amount granted by Harris County ESG program.

Harris County continues to place high priority on meeting the underserved needs for Harris County residents. All projects funded during PY15 at least partly satisfied an existing unmet need of low-income persons. Harris County recognizes that many obstacles exist to meeting underserved needs. These obstacles include current funding policy, i.e. utilization of census tracts and not block groups to determine low income areas, does not favor urban counties; therefore Harris County must become innovative in securing funding for underserved Harris County residents by using income surveys. The size of the county is also an obstacle to meeting the underserved needs. Programs must offer multiple locations or require the client to travel to a central location. If the client has limited transportation options this becomes a barrier.

Harris County has become a regular recipient of grant funds for the expansion of transit services outside of the METRO service area or where service is inaccessible or unavailable for residents. In an effort to meet underserved needs for transportation in Harris County, funding has been programmed for various projects in multiple locations within Harris County that provide access to safe transportation for low-income residents to get to work, housing, medical services, schools, shopping and other essential activities. In PY15, the RIDES program expended \$1,550,030 for services and provided over 70,641 demand response trips. The Harris County CSD Office of Transit Services expended \$1,875,280 and provided over 117,893 trips with its Cities of Baytown and La Porte, Crosby and Highlands Service, Social Services Shuttle and the Baytown Park and Ride services.

In the future, Harris County plans to focus on projects and further collaborative building to benefit special needs populations (elderly/frail elderly, persons with disabilities, persons with

alcohol/drug addiction problems, and persons with HIV/AIDS) that often face more than one barrier in obtaining affordable housing, sustaining a decent quality of life, and/or accessing economic opportunity.

- **PUBLIC HOUSING/RESIDENT INITIATIVES** - Although no public housing exists in the county service area, Harris County strived to create affordable housing in the county. The Harris County Housing Authority has developed eight apartment complexes in partnership with Harris County by using the Low-Income Housing Tax Credit program to provide affordable housing.
- **COMPLIANCE WITH PLANNING/PROGRAM REQUIREMENTS** - The Grants Management section of HCCSD is charged with monitoring compliance for all HUD programs administered by Harris County. HCCSD requires subrecipients to submit monthly, quarterly, and annual program and financial reports to facilitate monitoring. The Development section prepares the Annual Action Plan, which details the use of federal HUD entitlement funds. The Planning Section prepares the Consolidated Annual Performance and Evaluation Report (CAPER), which tracks the county's overall performance with respect to its Consolidated Plan and Annual Action Plan and evaluates the county's efforts at implementing the plans' goals and objectives.
- **PERSONS BELOW POVERTY**-The primary purpose of the Harris County HUD programs is to reduce the number of persons and families living in poverty by providing social and economic opportunities via development, housing, social services, and other activities that provide lower income persons an opportunity to improve their living standards. The primary goal of all the projects funded during PY15 was to reduce poverty and improve the quality of life for low-income persons.
- **CERTIFICATIONS OF CONSISTENCY/RESOLUTIONS** - Harris County provided Resolutions of Support to 4 developers during PY15 for low income tax credits. The Texas Department of Housing and Community Affairs (TDHCA) tax credit rules state that jurisdictions in which a project will be located, request and receive resolutions from the governing body in which the project is located. The resolutions were requested in conjunction with the application for Low Income Housing Tax Credits (LIHTC) and will develop 630 affordable rental housing units in the county.

### **Assessment**

Harris County recognizes that opportunities remain for continued improvement in the organization and in the efficiency of its future performance. The following is a highlight of several promising opportunities that Harris County will be challenged within the upcoming months:

- Harris County will continue to review and expand several policies and procedures in the areas of Affordable Housing Standard/Site and Neighborhood Standards for multi-family and single-family developments, multi-family project concentration, minimum acceptable standards for residential acquisition, rehabilitation, and construction of new and existing homes' CHDO certification, and the Request for Proposal process.
- Harris County will continue to ensure that staff receives the necessary training, particularly in HUD entitlement programs, to ascertain compliance with HUD grant rules and regulations.
- Harris County will continue to facilitate HUD Entitlement grant program trainings to local organizations, subrecipients, and interested parties.

- Harris County will continue to improve its allocation, expenditure and disbursement processes, and continue to improve the process of subrecipient oversight.
- Harris County will continue to work to improve the overall financial management system.
- Harris County wrapped up its Disaster Recovery Program and will continue to focus on disaster preparedness in efforts to help rebuild and rehabilitate homes and infrastructure severely damaged by any future hurricanes or natural disasters.
- Harris County will continue to collaborate with the Coalition for the Homeless, other local jurisdictions, housing providers, social service organizations, and other interested parties to meet the federal goal of ending homelessness and local goals in The Way Home Houston program.
- Due to changes in the housing market, HCCSD is reviewing its affordable housing programs to improve its marketing plan and its delivery of services.
- Changes in the Rapid Re-Housing program resulted from the creation of Coordinated Access and the need to expand the use and effectiveness of rapid re-housing within the local Continuum of Care. In an effort to align funds and standardize service delivery so that funds can be used efficiently while reducing the administrative burden on both funders and providers, a funding collaborative was established to serve as a single access point to multiple funding streams instead of multiple jurisdictions individually funding rapid re-housing programs.

#### **f. Leveraging Resources**

The funding of projects active during PY15 included significant amounts of project specific match as well as leveraging. Project match is required funds and/or in-kind services provided by the subrecipient that will be matched with entitlement funding to operate a specified program or complete a specific project. Leveraging is a source of project funds (non-HUD funds) that an organization utilizes to operate the proposed project, but are not required as is the case with match. Examples of leveraging include, but are not limited to other federal and state grant awards, proceeds from fundraisers, and grants from foundations. The following list details leveraged amounts according to Consolidated Plan priority need areas reported for PY15:

- Public Service projects leveraged allocated funds with \$2,632,149.05.
- Infrastructure projects utilized \$330,777.85 in leveraged funds.

Other sources of leveraged funds included forgone taxes, construction materials, and bond financing. For information regarding HOME matching funds, please refer to Financial Summary and Match reports in Appendix C.

#### **g. Citizen Comments**

Harris County provided several opportunities for public comment on the CAPER during the 2015 program year. These opportunities included public hearings for the Annual Action Plan (AAP), previous year CAPER's and other HUD funding sources such as NSP and Hurricane Ike Disaster Recovery TxCDBG funding. Notices for opportunities for public comment were published in local newspapers and placed on the CSD website prior to each event.

For the PY2015 CAPER, the public was given a 15-day review and comment period prior to its submittal to the U. S. Department of Housing and Urban Development (HUD). A legal notice was published in the *Houston Chronicle*, Spanish newspaper *La Voz* and on the CSD website. The English and Spanish translations of the public notice were posted to the website at [www.csd.hctx.net](http://www.csd.hctx.net). CSD also sent the public notice to over 500 interested parties via email blast. The public notice informed Harris County residents about the public hearing and an opportunity to comment on the documents. The availability of the PY2015 CAPER review was May 9-24, 2016.

A public hearing for the CAPER was held May 12, 2016 and there were three public comments.

## **h. Self-Evaluation**

### **Impact of activities**

Harris County continued to make major strides in promoting affordable housing and providing a suitable living environment for low-income citizens during PY15. One measure of impact is the number of persons served and projects completed. In housing, the impact of the County's efforts resulted in direct homeownership assistance, home repair, construction of rental housing units, and lead abatement of housing units, which assisted 97 low-income persons. Harris County's efforts in other areas produced similar positive results. Public service activities provided a variety of services to more than 1,895 low-income persons. Likewise, activities benefiting the homeless population resulted in shelter and services to more than 1,869 homeless individuals and families with ESG funds and 322 with CDBG funds.

### **Barriers to fulfilling strategies**

While successful in implementing activities that addressed priority needs outlined in the 2013-2017 Consolidated Plan, Harris County realizes that barriers still exist to fulfilling strategies and assessing impact.

The continuation of the CHDO certification program and the addition of the CHDO re-certification program for funded projects are examples of an action taken to overcome the lack of organizational capacity for local nonprofits who work on housing related issues. The HOME regulations have created a greater emphasis on CHDO capacity and staff experience. As a result, these organizations need greater technical assistance and training to fulfill these requirements.

Another barrier to fulfilling strategies is the lack of strong intergovernmental coordination on the outset of projects. During PY15, Harris County continued a working relationship with several nearby cities and other county agencies to collaborate on projects, such as water/sewer improvements and social service programs. However, there still remains a need to strengthen and foster intergovernmental communication, particular when projects cross multiple jurisdictional boundaries. The effect of this has been more efficient project development schedules and the cutting of "red tape."

### **Explanation of activities or types of activities falling behind schedule**

This section discusses projects that have been delayed and the reasons for the delay. These projects often have complex management requirements or procedures that must be addressed before funds are expended.

To meet the goals in the Rental Assistance Program, changes have been made to program to include Rapid Re-Housing. This will ensure that rental assistance is provided to persons to ensure rapid transition from homelessness into permanent housing. In addition, CSD did not meet its goals in the Street Improvements activity or Economic Development activity. No new projects were funded in PY2015 for these activities.

Specific to projects, nuisance abatement projects require several months of research and public notice prior to demolition. If in the event, a homeowner comes forward to reclaim their property, this time is foregone and the health inspector moves on to another home. These proceedings have concluded and work has begun with 12 abatements being completed.

It is not uncommon for most construction projects to take several years to complete. At the inception of the program year, environmental reviews are conducted. The environmental review process typically takes a minimum of 3 months, but in recent months one of the review agencies has prolonged the process and another has set up new procedures requiring more examination by the county. Once the environmental review has been completed and a release of funds has been secured, project designs begin. Architectural projects in the range of \$500,000 to \$1,000,000 require a minimum of a 12-month design time. This includes time for all appropriate city, county and state reviews and permits, as well as entity approvals. Once the design is approved, the preparation of the construction documents and bidding require an additional 4 months. Bidding tabulation, construction contract approval, and receipt of a purchase order are estimated to take approximately 3 months. The actual time of construction on these projects is at least a year. If acquisition is involved, an additional 9 months must be added to the above time frame.

To assist in improved construction project management, HCCSD has encouraged developers particularly in the public facilities and infrastructure areas to apply for funds on a phase by phase basis. Many projects in PY15 were funded for phase I design or phase II construction. This has allowed HUD funds to be used more efficiently in the year they are allocated.

### **Are grant disbursements timely?**

During PY15, Harris County continuously monitored its CDBG expenditure rates and has successfully met the CDBG timeliness requirements, within the 1.5 ratio of expended funds to entitlement resources.

### **Do grant expenditures differ substantially from line of credit disbursements?**

The procedure for the distribution of grant funds at Harris County requires that all checks written for grant expenditures be made from the general operating funds of Harris County. Expenditures are then reimbursed to Harris County from the segregated grant cash accounts. In the past the reimbursement to Harris County for the expenditures of grant funds has not been timely in all instances. HCCSD staff continues to work towards a

monthly reconciliation process to ensure that the line of credit drawdowns reimburse Harris County for its grant expenditures on a timely and methodical basis.

**Are major goals on target-what adjustments or improvements might meet needs more effectively?**

Projects funded during this reporting period specifically addressed a need/strategy identified in the 2013-2017 Consolidated Plan, thus allowing Harris County to remain on target with major goals.

Harris County has previously funded both homelessness prevention and rapid re-housing programs. With HUD currently encouraging communities to create and implement more rapid re-housing programs, Harris County has decided to provide HCCSD ESG funds for rapid re-housing programs rather than homelessness prevention programs. Harris County expects this shift in focus to be temporary and for funding of homelessness prevention programs to be revisited in future funding years. However, homelessness prevention services will still be offered at Harris County and local agencies through other funding sources as they are available.

The county also created a Harris County Transit Plan in PY05. In PY15, the county continued to receive Federal Transit funds to improve and expand transit opportunities in the underserved sections of the county. The funding was used to develop the Baytown, La Porte, Crosby / Highlands Fixed Route, Medical Transportation, Shuttle and Baytown Park and Ride services. It also provides funding for elderly and handicap transportation programs.

Harris County has made concentrated efforts to continue improvements in terms of development of subrecipient contracts, accountability and specificity, and increased monitoring. We have taken steps to improve expenditure of funds and address slow moving projects by developing a monthly project timeliness report. We have also taken steps to enhance the RFP criteria and the review/selection process, which will increase the quality of projects and increase monitoring efficiency. Harris County will continue to assess and evaluate these processes to aid in remaining on target with planned goals. Harris County staff has been working closely with HUD representatives to reconcile HUD entitlement programs.

# CAPER Public Hearing Comments on 5/12/16

**Pastor Vincent Ben Lewis with the Greater Macedonia Church**

**Organization: ANCHOR**

**Comment: How do you select projects to be funded?**

The annual selection for funding community development projects is one of the most important activities Harris County Community Services Department (HCCSD) performs. Through a competitive RFP process, HCCSD awards organizations that serve residents from the County's service area, including unincorporated Harris County and its cooperative cities. Eligible program activities include social services, economic development, housing, and neighborhood infrastructure projects such as park projects, street improvements, and water systems. Through an open Request for Proposals (RFP) process, an applicant submits an application for funding, the project is evaluated based on selection criteria, scored, ranked, and selected. Selected projects are presented to Commissioners Court for approval. All selected applicants receive notification informing them that they have or have not been conditionally awarded funds and awarded organizations enter into a contract with HCCSD.

**Comment: How do I apply for funds?**

The Harris County Community Services Department (HCCSD) receives an annual allocation from the Department of Housing and Urban Development (HUD) and provides funding for the provision of community services and affordable housing as funds become available. Any open funding opportunities will be posted as a Request for Proposals (RFP) on the website. Prior to responding to available funding opportunities, each qualified organization is encouraged to review the funding guidelines, make an appointment for technical assistance on your application, and review specific guidelines posted to the website at [www.csd.hctx.net](http://www.csd.hctx.net).

**Julie Ebersole**

**Houston Area Women's Center**

**Comment: What is the difference between authorized funds and expended funds?**

Authorized funds are the total amount of funds allocated to a project. Expended funds are funds that are committed to a project in the program year defined in the Consolidated Annual Performance and Evaluation Report (CAPER)

**Comentario Público**

El CAPER PY2015 estará disponible de 8:00 a.m. a 5:00 p.m. en la oficina de HCCSD y se publicará en nuestra página web [www.csd.hctx.net](http://www.csd.hctx.net). Por favor de presentar todas las preguntas o comentarios antes del 24 de Mayo 2016; 5:00 p.m. a Janeen Spates, Gerente de Planificación, Departamento de Servicios Comunitarios del Condado de Harris, 8410 Lantern Point Drive, Houston, Texas, 77054, (713) 578-2000.

## **Appendix G: Fair Housing Narrative & Matrix**

# **Harris County Fair Housing Narrative Statement**

## **Introduction**

The purpose of this statement is to establish a system to track performance activities related to strategies to address impediments to Fair Housing and barriers to Affordable Housing Development discussed in the Harris County Community Services Department's Fair Housing Plan, which is a part of the PY2013-2017 Consolidated Plan. The Consolidated Plan lists six impediments to Fair Housing: 1) need to combat overt discrimination and lack of Fair Housing Knowledge; 2) Lack of affordable housing development; 3) The need to reduce areas of concentration; 4) The need to improve lack of quality community amenities; 5) Presence of community opposition towards affordable housing (NIMBYism); and 6) Barriers created by credit and financial institutions. The following discusses accomplishments toward activities by the Harris County Community Services Department (HCCSD) to implement their strategies to address impediments to Fair Housing and barriers to Affordable Housing Development during a single program year. Included with this statement is a matrix reporting activities performed to address Fair Housing and housing barriers.

## **Persons with a Disability**

According to the 2010-2014 ACS five year survey, there are 392,304 persons residing in Harris County with at least one disability or 9.2 percent of the population. Many persons with disabilities need services to increase or maintain their quality of life. Services needed include counseling, housing placement, food and clothing distribution, transportation services, enrichment classes, exercise and recreation programs, job training and placement and independent living skills training.

## **Large Family Households**

Large, related households of five or more persons face a number of housing challenges, most notably, finding an affordable residence large enough to accommodate all family members. In Harris County, 13.8 percent of the population is considered to have a large family household. According to the 2008-2012 CHAS dataset, this household type accounts for 18.4 percent of all low- and moderate-income households in the HCCSD service area. Large related households earning less than 30 percent of the Median Family Income (MFI) face major housing affordability deficits, and based on estimated housing cost deficits, low- to moderate-income, large households are identified as having a high housing cost burden.

## **Female Head of Household**

Female head households accounted for 16.3 percent of households in Harris County. In addition, 35.8 percent or 1 out of every 3 female-headed households with children in Harris County were living below the poverty line. Living below the poverty line may be attributed to lower earnings for female head of household families, declining value and availability of public assistance, and the lack of affordable housing.

## **Mortgages in the Houston-Sugarland-Baytown MSA**

HCCSD staff monitors the disposition of conventional home purchase loans through the Home Mortgages Disclosure Act (HMDA). In 2014, the HMDA reported 50,711 mortgage applications received in the Houston-Sugarland-Baytown MSA. Of these, 45,506 or 63 percent loan applications were originated. Of loans originated, 48 percent of the loan disbursements went to

White non-Hispanic heads of household and 42 percent of the applications and 36 percent of the disbursements went to minority heads of households.

## **Section One: Citizen Participation and LEP**

Harris County has always considered citizen participation to be vital to the development of successful planning and community revitalization efforts for low- and moderate-income (LMI) communities. HCCSD has developed an extensive Citizen Participation Plan which can be found in the PY2013-2017 Consolidated Plan, and highlights of the plan can be found in the PY2015 CAPER.

### Limited English Proficiency (LEP)

During the Citizen Participation process, notice of community meetings and comment period were made to the Limited English Proficiency (LEP) population in Spanish and Vietnamese. Notices were published in the Houston Chronicle and Spanish newspaper La Voz de Houston and posted to the HCCSD website. HCCSD also sent the public notices to over 500 interested parties via email blast which includes but not limited to individuals, county departments, local cities, non-profits, businesses, housing developers/providers, utility districts and healthcare organizations for distribution and information. Many of these interested parties are non-profits who advocate and serve persons in protected classes. In addition, public hearings and community meetings conducted by HCCSD have Spanish interpreters available. HCCSD staff that speak Spanish are also available to consult with LEP populations in person, by phone or email.

### Other Efforts

In addition to a broad based citizen participation effort, HCCSD annually conducts extensive public outreach efforts in the Request for Proposal (RFP) Process that is used to determine the projects to be funded with CDBG, HOME and ESG funds. This action further ensures that the RFP process is a fair, open, and a competitive process in which participation by organizations throughout the community is essential. The RFP process includes a number of opportunities for public interaction, including a proposal information workshop in which potential applicants are informed of the guidelines for the application and review process. The PY2015 Notice of Funding Availability was distributed to interested persons (maintained on a mailing list) on June 2nd. Public Notices for the PY2015 Request for Proposals (RFP) were issued on June 5th, 12th, and 19th and Applicant Conferences were held on June 11th and 12th. Public Notices were also issued on November 3rd and 16th to inform the public of the availability of the PY2015 AAP, the projects recommended for funding during the PY2015 period for public comment, and the Public Hearing being held on November 18th.

During the year, technical assistance is provided to sub-recipients, including instances where projects or programs are experiencing difficulties. When clients, sub-recipients, or HCCSD discovers problems such as program glitches and budget discrepancies, they are addressed and resolved in coordination with HCCSD. Additional questions are addressed from individuals and organizations wanting information, such as how to establish a non-profit organization or apply for federal grant funds. Technical Assistance for the PY2015 RFP was held with providers by appointment during the week of June 23rd – June 27th.

As part of the HCCSD's funding process, public areas in construction projects are being made accessible to persons with disabilities. HCCSD requires that within its Affordable Housing

Standards 3 that all common areas and facilities, as well as mail areas and spaces be designed to be handicapped accessible with particular attention given to the needs of the elderly and other special needs individuals. HCCSD also requires that all eligible housing developments funded by the department be Section 504 compliant. Additionally, all contractual agreements between CSD and project sponsors contain language that ensures construction projects adhere to all federal, state, and local laws regarding accessibility of all newly constructed facilities to persons with disabilities. To ensure that these regulations are being followed, CSD has in place regular monitoring and compliance activities.

HCCSD also continued to support with local funds and maintain the Housing Community Resource Center (HCRC), which is a clearinghouse of housing related information and links in Harris County. The center's website has an interactive database of potential housing units, particularly for low- to moderate-income families. In PY15, there were 8,061,812 visitors to the website. Many sought housing assistance and referrals. The center reaches out to all cultures and life situations including but not limited to the elderly, disabled, low-income families, and female-head of households. The resource center's staff also actively works with individuals, who believe they have been a victim of housing discrimination. The county also collaborates with other local Fair Housing agencies, such as the Greater Houston Fair Housing Center and HAUL on Fair Housing issues and education.

On January 15, 2013, HCCSD submitted its new Fair Housing Plan and Analysis of Impediments along with its PY2013-2017 Consolidated Plan to HUD. During the year proceeding submission (PY2012), the county conducted a series of meetings, focus groups, interviews and public hearings throughout the county seeking input from citizens, advocate groups, homeless and public service providers, CDC's, CHDO's and other interested groups regarding housing issues and barriers to housing choice. Staff also solicited information about community resources and problems through a community survey and needs/data assessment. The findings from the consultation, survey and needs/data assessment assisted the county to develop the Fair Housing Plan and Analysis of Impediments and to develop goals for the Consolidated Plan. Every year the Fair Housing Strategies to Address Impediments Matrix is updated to reflect accomplishments toward activities by CSD to implement strategies to address impediments to Fair Housing and barriers to affordable housing development during a single program year.

## **Section 2: Accomplishments for PY2015**

HCCSD's grant programs furthers fair housing through the allocation of dollars to support the construction of affordable housing units, by assisting low-income homebuyers with downpayment costs, and through the rehabilitation of owner and renter-occupied low-income housing units. The support of such projects not only serves to encourage access to affordable housing, but also furthers fair housing by increasing housing options across the county's service area and improves low opportunity areas.

### Affordable Housing

Furthering affordable housing encompasses one of the primary purposes of HUD and is therefore a major component in reporting and evaluating performance. This section summarizes Harris County's efforts to further affordable housing during PY15. These achievements utilized CDBG and HOME funds to promote the availability of affordable housing and increase the amount of decent, safe housing stock. In PY2015, the county provided 97 households with new housing or housing repairs. The following tables and charts identify the number of persons by

ethnicity.

**Chart 1: PY2015 Affordable Housing Accomplishments: Persons Assisted According to Race/Ethnicity**

According to Chart 1: Affordable Housing Accomplishments for Persons Assisted According to Race/Ethnicity, the PY15 CAPER reports 23 percent of Whites, 41 percent of Blacks, 32 percent of Hispanics, 2 percent Asian and were provided with direct homeownership, new construction of housing, housing rehabilitation or lead-based paint abatement.

**Table 1: PY 2015 Housing Accomplishments According to Income**

Priority Need Category	Units
<b>Owners : (94 households)</b>	
Extremely Low (0-30% MFI)	20
Very Low (30-60% MFI)	22
Low (60-80% MFI)	52
<b>Renters: (3) households)</b>	
Extremely Low (0-30% MFI)	3
Very Low (30-60% MFI)	0
Low (60-80% MFI)	0
<b>Total</b>	<b>97</b>

Note: MFI: Median Family Income based on a family of four

According to Table 1: PY 2015 Housing Accomplishments According to Income, of the 97 households that received housing assistance, 94 households were owners and 3 households were renters.

As part of the direct homeownership program funded by county HOME funds, the program educated homebuyers, lenders, real estate agents, and housing developers on Fair Housing issues. Through the policies of the program, the county sought to protect homebuyers from predatory lending practices. Homebuyers also received homebuyer counseling that included their rights under the law. Harris County also expended \$790,705.93 in PY15 CDBG funding for minor home repair and lead abatement to serve low-income homeowners predominately in low-income, minority concentrated neighborhoods.

### Public Services

This section of the statement is dedicated to summarizing program accomplishments in non-housing community development areas of eligible activities: public service, public facilities, infrastructure, transportation, special needs groups, workforce development, and area benefit projects. CDBG public service projects primarily benefited low-income limited clientele and seek to improve the quality of life of individuals and families. Special needs programs primarily benefited those persons, who are elderly, disabled, are infected with HIV/AIDS, and/or have a substance abuse problem.

Referenced in Chart 2: Public Services Activities Persons Served by Race/Ethnicity out of the 1,895 total persons served through public services activities, 30 percent are Hispanic, 23 percent are Black, 44 percent are White, 2 percent are Other Race, and 1 percent are Multi-Race.

**Chart 2: Public Services Activities Persons Served by Race/Ethnicity**

### Homelessness

Under the Homeless category, the county expended both CDBG and ESG funds to assist 11,436 homeless persons with shelter, street outreach, and rapid rehousing services. Under the

CDBG category, funds utilized in PY2015 served 322 homeless persons. As seen in Chart 3: Homeless Activities for Persons Served by Race and Ethnicity for persons that received homeless services, 56 percent are Black, 34 percent are White, 1 percent Asian, 7 percent are Hispanic, 2 percent are Multi-Race or Other Race.

**Chart 3: CDBG Homeless Activities Persons Served by Race/Ethnicity**

During PY15, Harris County expended ESG dollars by assisting 11,436 homeless person with shelter, street outreach, rapid re-housing and supportive services. Of those homeless persons, 51 percent were Black, 34 percent White, 12 percent Hispanic, 1 percent was Asian, 1 percent American Indian or American Native, and 1 percent were Multi-Race or Other Race respectively (see Chart 4).

**Chart 4: ESG Homeless Activities Persons Served by Race/Ethnicity**

### Public Facilities/Infrastructure

HCCSD sought to improve low- to moderate-income neighborhoods, particularly areas with high poverty and minority concentration that suffer inadequate infrastructure and facilities. This section of the statement is dedicated to summarizing program accomplishments. Projects included water and sewer improvements, sidewalk and pathway improvements, and parks and recreational facilities in the HCCSD target areas. These areas are established neighborhoods seeking to improve the conditions in their local community.

In PY2015 there were a total of 64,978 low-income persons in 6 completed infrastructure projects with 20 projects underway.

**Chart 5: CDBG Public Facilities Activities Persons Served by Race/Ethnicity**

According to chart 5, CDBG Public Facilities activities served by race/ethnicity, 65 percent were White, 15 percent were Hispanic, 18 percent were Black, 1 percent were Asian, and 1 percent were Multi-Race and Other.

### Section 3 Activities

Section 3 of the Housing and Urban Development Act of 1968 contains provisions to ensure that employment and other economic opportunities generated by certain HUD financial assistance shall, to the greatest extent feasible, be directed to low- to very low-income persons, particularly those who are recipients of government assistance for housing, and to business concerns that provide economic opportunities to these populations. HCCSD participates in Section 3 and promotes and encourages contractors to hire Section 3 residents and Section 3 businesses through pre-bid and pre-construction meetings. For more information see Appendix H: Section 3 Summary Report.

To fulfill the responsibility of the Section 3 Plan, Harris County has appointed a Section 3 Coordinator to provide implementation and compliance monitoring of all Section 3 activities for HUD funded projects.

**PY 2015 Activities Performed to Address Fair Housing and Barriers to Affordable Housing Development**

The purpose of this document is to establish a system to track performance activities related to strategies to address impediments to Fair Housing and barriers to Affordable Housing Development discussed in the Harris County Community Services Department's Fair Housing Plan, which is a part of the PY2013-2017 Consolidated Plan. The Consolidated Plan lists six impediments to Fair Housing: 1) need to combat overt discrimination and lack of Fair Housing Knowledge; 2) Lack of affordable housing development; 3) The need to reduce areas of concentration; 4) The need to improve lack of quality community amenities; 5) Presence of community opposition towards affordable housing (NIMBYism); and 6) Barriers created by credit and financial institutions. The following table discusses accomplishments toward activities by the Harris County Community Services Department (CSD) to implement their strategies to address impediments to Fair Housing and barriers to Affordable Housing Development during a single program year.

**PY 2015 Accomplishments to Implement Fair Housing Strategies to Address Impediments**

Goal/Objective	Activities	Responsible Groups	PY 2014 Accomplishments
<i>Strategy One: Aggressively combat overt discrimination and lack of fair housing knowledge.</i>			
<b>Provide fair housing outreach and marketing information.</b>	1. Continue to mandate housing sub-recipients to develop a fair housing marketing plan.	P&D	It is stated in our RFP guidebook that subrecipients develop and maintain a fair housing marketing plan.
	2. Promote and conduct events to celebrate April as Fair Housing Month and encouraging sub-recipients to do the same.	HCRC	Posters were placed inside the CSD office, a resolution was passed by Commissioner's Court making April Fair Housing month, a FH Newsletter was created and posted on the CSD website, Facebook, Twitter and Pinterest, sent to Housing Providers, Developers, 910 Landlords and over 500 persons on our interested parties list. Participated in 7 Outreach Events and passed out over 150 brochures and posters.

**Harris County Community Services Department  
Office of Housing and Community Development**

**PY 2015 Activities Performed to Address Fair Housing and Barriers to Affordable Housing Development**

	3. Provide education on fair housing and general housing issues to 80 lending institutions, housing professionals, non-profits (including CHDOs and CBDOs) and recipients of CSD programs annually.	DAP/HCRC	10 lender trainings were held with a total of 115 mortgage lenders from 25 companies participating.
	4. Provide 100 landlords with fair housing information as a condition of registering with the Harris County Housing Resource Center (HCRC).	HCRC	910 landlords were provided with fair housing information through an informative newsletter.
	5. Distribute fair housing flyers at 10 community events and public meetings annually.	HCRC	7 Community Outreach events were attended just in the month of April and over 150 flyers and posters were distributed. In 2015, 89 events and 10,601 flyers were distributed.
	6. Post fair housing posters in public buildings and community centers, as well as send posters to local community groups.	P&D/HCRC/DAP	Fair housing posters were displayed in public buildings and community centers. Brochures and posters were also sent to local community groups to post in their offices.
	7. Support the HCRC in providing an online and phone-based housing search tool for homebuyers and renters.	HCRC	Renter and homebuyer search tool is being provided on HCRC website. 8,061,812 hits were made to the website.
	8. Partner with local fair housing organizations to support training and outreach initiatives.	HCRC	89 outreach events were attended and over 10,601 were in attendance.
<b>Provide fair housing information and policies in additional languages.</b>	CSD will, at a minimum, translate public notices and program brochures into Spanish. The public notices will be posted on the CSD website, major regional newspaper, and local language-specific newspapers. Brochures will be published to the CSD website and in hardcopy.	HCRC/DAP	Brochures and forms are available in the following languages: English and Spanish,  Notices and brochures are available on the CSD website.
<b>Provide training and education to providers and staff.</b>	1. Conduct an annual fair housing training for CSD staff.	CSD	CSD provided 2 Annual Fair Housing Trainings for staff in PY2015. Over 100 employees were in attendance.
	2. Coordinate with local fair housing organizations to provide fair housing training to sub-recipients and	CSD	Fair housing training is a part of the RFP process during annual conferences

	cooperative cities.		to the sub-recipients.
	3. Provide a fair housing training session during the annual RFP workshop.	P&D	Fair housing training is a part of the RFP process during annual conferences.
<b>Coordinate fair housing activities within Harris County and the region.</b>	1. Participate in 2 regional fair housing or housing issues workgroups or meetings per year.	P&D	CSD staff participated in 16 fair housing/and or housing issues in 2015.
	2. Create and maintain an interested parties mailing list for fair housing and housing issues communications	P&D/HCRC	Currently there are over 500 interested parties on our mailing list for fair housing and housing related issues.
	3. Review impediments and strategies to overcome impediments and other housing policies annually for reporting in each year's CAPER.	P&D	Impediments and strategies were reviewed when preparing the PY2015 CAPER.
<b>Encourage expanded testing and data collection.</b>	1. Maintain fair housing complaint data as obtained from the HCRC and outside agencies.	HCRC	A log of fair housing complaints is maintained by the HCRC.
	2. Provide spatial mapping and data analysis services for the HCRC and local fair housing organizations.	P&D/HCRC	The planning section provided mapping services to the HCRC and local fair housing organizations as requested.
	3. Provide contact information and training opportunities to local fair housing organizations.	HCRC	The contact information is listed on the CSD and HCRC website.
<b><i>Strategy Two: Promote housing choice</i></b>			
<b>Expand the supply of affordable housing options.</b>	CSD will continue to support the use of public-private partnerships to increase quality, affordable housing in the county. Harris County will expand the supply of affordable housing options by providing or funding local providers to provide housing services that supports housing choice to 1,000 households which include but are not limited to homeownership, construction of new affordable housing units, and rental assistance over the next five years.	HCRC/DAP	553,311 referrals were made for affordable housing through the HCRC.  45 DAP loans were given to qualified LMI homebuyers.  12 new transitional housing units were constructed.  199 homeless families/individuals were rapidly rehoused into rental units.
<b>Preserve, rehabilitate,</b>	CSD will preserve and rehabilitate the supply of	P&D	26 homes were rehabilitated during

<b>and increase the supply of quality affordable housing units.</b>	quality affordable housing units by providing or funding providers to provide housing services that supports housing choice to 300 households over the next five years, These actions include but are not limited to minor home repair, reduction of lead hazards in housing, and rehabilitation of housing units.		PY2015.  20 lead based paint units were abated.
<b>Increase the availability of accessible and larger housing units.</b>	1. Ensure that regulations are being followed through regular monitoring and compliance activities.	CSD	CSD monitors projects annually.
	2. Require adherence to Section 504 requirements and when possible require a greater set aside for persons with mobility disabilities and visual/auditory disabilities (stricter terms than Section 504 requirements)	CSD	Adherence to Section 504 requirements is required by all recipients of grant funds related to housing projects. .
	3. Require 5 percent of units contain at least three bedrooms in new construction rental housing projects funded in whole or in part by CSD targeted to families	CSD	This is the current policy- No family targeted projects were funded in PY2015.
	4. Petition the Texas Department of Housing and Community Affairs concerning the Low Income Housing Tax Credit (LIHTC) awards for new construction of rental properties in the county to require projects to construct and reserve a greater number of units for disabled persons, large families and the homeless.	P&D	No action taken in PY2015.
<b><i>Strategy Three: Reduce areas of minority and poverty concentration</i></b>			
<b>De-concentrate areas of poverty and minority concentration.</b>	1. Develop an opportunity map identifying high and low opportunity areas for affordable housing development and encourage new construction of affordable housing in those areas	P&D	A map identifying high and low opportunity areas was developed for the Fenix Estates project in 2015.
	2. Improve and create quality affordable housing opportunities in high poverty areas.	P&D	26 minor home repair projects were made in high poverty areas.

**Harris County Community Services Department

**PY 2015 Activities Performed to Address Fair Housing and Barriers to Affordable Housing Development**

			The HDRP program was completed in 2015 and 515 homes were reconstructed/rehabilitated in high poverty areas through the Disaster Recovery Program.
	3. Support affordable housing outreach and education activities that combats opposition to affordable housing in high opportunity areas	P&D	An Anti-NIMBY Plan was developed in PY2013 and is being maintained.
	4. Continue instituting the Housing Concentration Policy to avoid the concentration of LIHTC and other types of HUD subsidized rental properties in any one area	P&D	Concentration Policy was used to Review 21 housing projects (LIHTC and RFP proposals).
	5. Support the de-concentration of poverty and the inclusion of mixed income affordable housing development into community plans.	P&D	No community plans were developed in PY2015.
<b><i>Strategy Four: Improve the quality of public facilities</i></b>			
<b>Encourage the expansion of transit services.</b>	1. Attend and participate in the Regional Transportation Plan workgroups and meetings	Transit	Transit staff attended over 200 regional transportation workshops and meetings throughout PY2015.
	2. Provide technical support and mapping to Harris County Transit and local transportation organizations in identifying low opportunity, low- to moderate-income and or other underserved areas in need of linkages to quality housing, jobs and community facilities	Transit	Technical and mapping assistance was provided upon request as needed. Maps and data were provided for low-to-moderate income and underserved areas.
	3. Over the next five years, Harris County Transit will provide services to 2,000 people that link low-income areas to employment centers, social and health networks/facilities, and other opportunities.	Transit	A HCCSD Transit Services operates in the county and links over 800 riders per month to employment centers, social and health networks/facilities, and other opportunities.
<b>Ensure quality infrastructure</b>	1. Review infrastructure proposals to determine if they inadvertently results in disparate treatment of members of protected classes	P&D	No action taken in PY2015.

**Harris County Community Services Department  
Office of Housing and Community Development**

**PY 2015 Activities Performed to Address Fair Housing and Barriers to Affordable Housing Development**

	2. Consider environmental justice issues when siting infrastructure facilities such as wastewater treatment, solid waste disposal, or similar projects	P&D	Environmental justice issues were reviewed during the environmental review process for PY2015 projects.
	3. Construct and improve 15 miles of roadways benefiting low-income areas for the purpose of improving the living environment and quality of life of 10,000 low- to moderate-income persons over the next five years	P&D	2 roadway projects constructed 5.8 miles of roadway using the Disaster Ike Recovery Funds and 88,095 persons benefited.
	4. Provide improvements to 90,000 linear feet of water/sewer lines and 4 water/sewer facilities benefiting low-income areas for the purpose of improving the living environment and quality of life of 20,000 low- to moderate-income persons over the next five years	P&D	5 Water/Sewer projects improved totaling 45,481 LMI persons benefited in CDBG funds.  7 Water/Sewer facilities improved with generators with IKE Disaster funds in PY2015.
	5. Construct and improve 3 miles of sidewalks/pathways benefiting low-income areas for the purpose of improving the living environment and improving the quality of life for 5,000 low- to moderate-income persons over the next five years	P&D	Completed the construction of a 19,497 linear feet of sidewalk improvements in CDBG in PY2015.
	6.
